第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

分会场：学术报告综合会场			
学术报告综合会场（I）——2024.10.26 上午 8:30-12:00 下午 13:00-16:40			
会场：Forum A			
时间段	报告人	报告题目	主持人
8:30-8:40	安德森（澳大利亚）	复方苦参注射液研究进展	徐立然
8:40-8:50	韩晶岩	安宫牛黄丸通过改善血脑屏障抑制 LPS 引起的小鼠脑微血管周围水肿	
9:00-9:10	孙晓波	现代生命科学技术助推中医药走向国际	
9:10-9:20	周晓华	大数据赋能中医药疗效评价与证候诊断现代化方法和案例解析	
9:20-9:30	科尔贝利尼（意大利）	从传统中医角度看“神”与“脑”	
9:30-9:40	刘建勋	治疗血管性痴呆中药国际化合作研究	
9:40-9:50	涂志亮	中医药国际化发展的思考与实践	
10:00-10:10	徐立然	长新冠《伤寒论》学术思想的诊疗思路与方法	韩晶岩
10:10-10:20	萧嗣全（美国）	时代赋予中西医结合的契机展示中医独领现代医学科技前沿	
10:20-10:30	黄国健（加拿大）	大道至简-迷你刃针浅刺解结疗法治疗软组织损伤疼痛	
10:30-10:40	闫怀士（美国）	针灸治疗效应的现代分析	
10:40-10:50	车霞（美国）	中医经典与现代挑战：跨越时空的健康之道	
11:00-11:10	沈晓雄（美国）	高龄不孕症诊治探讨	田海河 （美国）
11:10-11:20	王德辉（美国）	辩症状选波形电针治疗外周神经病变：50 例回顾性分析	
11:20-11:30	巩昌镇（美国）	从针刺麻醉到安慰剂效应——针灸医学的三次数据驱动及其贡献	

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

11:30-11:40	楊常青（美國）	中醫治療神志疾病體系概述	田海河 （美國）
11:40-11:50	蒂埃里·維奈（法國）	中醫在法國的傳播與發展和中醫教學在法國的歷史與展望	
11:50-12:00	馬治國	中醫藥非物質文化遺產國際交流中的法律問題與建議	
午 休			
13:00-13:10	范東明（美國）	《針藥并用》簡介與婦科病病例举例	楊明
13:10-13:20	黃海波	中醫調養提高“試管”成功率的思路與診治策略	
13:20-13:30	安猛	以尿毒清顆粒為例談中成藥在中醫優勢病種中的作用	
13:30-13:40	盧利員	惡性腫瘤的中醫治療思路	
13:40-13:50	梁煒琦（中國香港）	《杉山真傳流》的診法針法特色與傳承	
14:00-14:10	呂國安（中國香港）	從《針道秘訣集》探析日本打針流派的學術思想和臨床技法	
14:10-14:20	尾崎和成（日本）	解讀近代早期日本傳統醫學的歷史：伊達政宗寫給醫生的 68 封信	趙英杰 （新加坡）
14:20-14:30	李思婷（法國）	芳香中藥精油在透皮技術的應用	
14:30-14:40	楊明	中醫香療之理在於“和”	
14:40-14:50	姚雷	中草藥精油發掘與利用	
15:00-15:10	孟慶海	月季的藥用功效與作用	
15:10-15:20	張佐雙	中藥——月季花	
15:20-15:30	李辰瑤	眼針國際標準研製過程及編寫體會	黃海波
15:30-15:40	李茵	水林佳對 PM2.5 誘導的代謝相關脂肪性肝病的改善作用及其機制	

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

15:40-15:50	王利胜	基于细胞膜固相色谱法探究中药复方的药效物质基础	黄海波
15:50-16:00	郝晓凤	祛积通络方联合刺络放血对视网膜分支静脉阻塞继发黄斑水肿视盘与黄斑微结构的影响	
16:00-16:10	陈俊梅	经方治疗不孕症案例举隅	
16:10-16:20	温东旭	Tspan8 激活 Akt 信号通路促进肝细胞性肝癌恶性转化的分子机制研究	
学术报告综合会场（II）——2024.10.26 上午 8:30-12:00 下午 13:00-16:40			
会场：Forum G			
时间段	报告人	报告题目	主持人
8:30-8:40	胡丽萍	趁鲜切制与传统加工对山药尿囊素含量的影响	秦国政
8:40-8:50	王飞	老年人心身健康的中医服务模式构建及示范应用	
8:50-9:00	贾新华	过敏性鼻炎哮喘综合征共识中医解读	
9:00-9:10	邓家刚	张仲景反性配伍法则在肺系湿病治疗中的应用	
9:10-9:20	王春英	陈氏太乙针灸辨治瘫痪临床分析	
9:20-9:30	王健	中医药防治痴呆的关键科学问题及思考	
9:30-9:40	陈淑玲	从五脏论治卵巢早衰	
10:00-10:10	秦国政	人类生殖能力下降的中医药对策与优势	邓家刚
10:10-10:20	孙一诺	中国中成药国际合作现状与策略	
10:20-10:30	段煦	欧洲北极地区中药植物的生态考察	
10:30-10:40	谢丁一	热敏灸机器人及其应用前景	

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

10:40-10:50	陈靖	人工智能视域下中医“治未病”信息化研究现状与展望	骆秉全
11:00-11:10	朱桂祯	一带一路与中医药健康旅游	
11:10-11:20	刘琼	中医药跨界融合发展的探索与实践	
11:20-11:30	李盛学	发酵技术为中医药发展赋能	
11:30-11:40	单晓春	非物质文化遗产单氏“三焦治肝”学术理论在临床中的应用	
11:40-11:50	阳天赐	如何用《黄帝内经》的思想和智慧活过天年？	
午休			
13:00-13:10	林传权	“脾主运化,脾气散精”的理论内涵探析及临证实践体悟	李思婷 (法国)
13:10-13:20	杨筠(德国)	中医与欧洲的自然疗法	
13:20-13:30	黄存德(中国台湾)	九宫格三维诊脉法在中医诊断中的精准辩证探讨	
13:30-13:40	杨俊红	重症肌无力的艾灸治疗	
14:00-14:10	张竞心	芪参益气丸改善他汀类药物诱导的横纹肌溶解症及其潜在机制	
14:10-14:20	程百如	基于心脏纤维化和PI3K/Akt信号通路探讨参连复脉颗粒治疗CaMKII δ C过表达致心衰室性心律失常小鼠作用机制	
14:20-14:30	王剑	数智中医药时代,中医人如何用AI工作、宣传?	李靖
14:30-14:40	养立	浅谈中医古法“以毒攻毒”在新冠肺炎治疗中的应用	
15:00-15:10	孙伟	中药研发的标准化范式及临床应用性研究	
15:10-15:20	梁腾霄	脓毒症中医研究进展与展望	
15:20-15:30	李靖	肾气虚证量表制定与无金标准诊断试验研究	

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

15:30-15:40	乔阳至子	截断扭转治疗脓毒症的理论与实践	
16:00-16:10	雷世昌	五积新议	
学术报告综合会场（III）——2024.10.26 上午 8:30-12:30			
会场：Scene H			
时间段	报告人	报告题目	主持人
8:30-8:50	王德凤 (法国)	环保高效热性针灸疗法治疗多发性神经炎	王德凤(法国)
8:50-9:10	庞萨蒂·弗兰 克(法国)	牙痛的中医诊断到治疗	
9:10-9:30	马加利·迈耶 (法国)	镇痛耳针经验	
9:30-9:50	王永洲	颊针即时缓解剧烈的神经性疼痛及可能的 作用机制	
9:50-10:10	Dr Tâm NHAN	法国的针灸：从大学教育到医院针灸诊疗的 发展	待定
10:10-10:30	Pr Kempf Emmanuelle	针灸医学研究	
10:30-10:50	M. Yves Giarmon	待定	
10:50-11:10	蔡景瑞	中医与癌症	
11:10-11:30	Dr François Hubert	毒理学简述及其在临床前阶段的发展	
11:30-11:50	M. Louis Touboul	法国的中医：历史、演变与创新	
11:50-12:10	孙高平	南派太极桩功与中医宗气论	
12:10-12:30	Dr Marc Fréard	在中药研究中“方剂-疾病-患者”模型的意 义	

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

学术报告综合会场（IV）——2024.10.26 下午 13:00-16:50			
会场：Forum J			
时间段	报告人	报告题目	主持人
13:00-13:10	陈春永	神奇的火针——火针在肿瘤的临床运用	马治国
13:10-13:20	张亚宁(中国台湾)	由中医视角看新冠病毒与猴痘的复合感染：从传播、症状到诊断的全面探讨	
13:20-13:30	刘滢清	e-YueZi - 推动西方国家以“坐月子”为灵感兴起的产后护理服务	
13:30-13:40	郑德泉	舌像在急诊治疗中的变化	
14:00-14:10	倪荣聪	通脉丹在治疗心脑血管疾病中的应用

Seminar on the Integration of Industry and Education in Cardiovascular and Cerebrovascular Diseases			
October 26, 2024 PM			
Venue: Forum B 12:50-15:00			
Time	Speaker	Topic	Host
12:50-13:00	Group Photo of All Participants		Guo Jun
13:00-13:05	Host's Opening Remarks, Introduction of Conference Theme and Guests		
13:05-13:10	Playing the Promotional Video		
13:10-13:15	Remarks by Ramon Maria Carduck, Chairman of the Supervisory Board of the World Federation of Chinese Medicine Societies		
13:15-13:25	Remarks by Zhang Boli, Academician of the Chinese Academy of Engineering and Master of Traditional Chinese Medicine		
13:25-13:30	Address by Niu Liwei, Vice Chairman of the Industry-Education Integration Promotion Working Committee of the WFCMS and Chairman of Jinmu Group		
13:30-13:45	Zhao Lu	Research on the pharmacological effects of Guanxin Jing and Huoxue related drugs	
13:45-14:00	Liu Guoqiang	Application of Traditional Chinese Medicine in Cardiovascular and Cerebrovascular Diseases	
14:00-14:15	Zhang Tianfeng	Research progress in the treatment of Hypertension with Traditional Chinese Medicine	
14:15-14:25	Niu Liwei	Announcement of Overseas Expansion Plan for the TCM Health Industry	
14:25-14:35	Signing Ceremony for Cooperation between Jinmu Group and Healthcare Institutions in the United States and Canada		
14:35-15:00	Round table Discussion		Experts

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

全欧洲中医药专家联合会 欧洲中医药专家论坛 10月26日全天——上午 9:20-12:25，下午 14:00-16:40 论坛会场 Forum C			
时间段	报告人	报告题目	主持人
9:20-9:40	韩晶岩 (中国)	脉气虚不固摄和补气固摄理论的科学内涵	朱勉生 陈赞育
9:40-10:00	马玉玲 (英国)	以传统中药复方临床疗效为基础的 中药药理研究为人类医学发展开创新篇章	
10:00-10:20	朱勉生 (法国)	从子午流注到时空针灸	江 丹 戴京璋
10:20-10:40	何嘉琅 (意大利)	海外中医临证智慧与国际影响	
10:40-11:00	江 丹 (英国)	英国中医诊治优势病症的探析	汤淑兰 袁炳胜
11:00-11:15	戴京璋 (德国)	患者治疗效果评估项目 (PEP) 及数据分析	
11:15-11:35	吴滨江 (加拿大)	关于针刺手法一代宗师张缙学术思想 和成就的研究	王永洲 王有钧
11:35-11:50	郝吉顺 (美国)	中国头针治疗小儿脑瘫	
11:50-12:05	王永洲 (法国)	微针系统学术渊源及流派	于福年 林 玲
12:05-12:25	靳振洋 (中国)	现代中医药大数据全力支持 中医创新与发展	
12:25-14:00	午餐		
14:00-14:15	汤淑兰 (英国)	中医在救治新冠重症中的玄机要法	郭建安 王仲彬
14:15-14:30	于福年 (匈牙利)	中医对五大连池冷矿泉疗愈机理的探讨	
14:30-14:45	陈赞育 (英国)	《金匱要略》脏腑证治体系发挥	陈春信 殷鸿春
14:45-15:00	袁炳胜 (英国)	经方在新冠及相关病症心悸怔忡治疗中的 应用	

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

15:00-15:15	王仲彬 (比利时)	灵活运用止嗽散治疗顽固性咳嗽的 临床体会	于福年 林 玲
15:15-15:30	陈春信 (西班牙)	时空针灸记忆时穴的指导意义及应用	
15:30-15:45	林 玲 (瑞士)	浅谈时空针灸飞腾八法的得气效应	江 丹 戴京璋
15:45-16:00	王有钧 (英国)	生气通天：经典中医生命观和医学实践的 基石—从天回医简到《黄帝内经》	
16:00-16:15	刘北南 (英国)	黄元御枢轴运动指导下的情绪释放	朱勉生 刘北南
16:15-16:30	殷鸿春 (英国)	现代舌诊对舌形的认识	
16:30-16:40	何嘉琅论坛总结		

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

Pan-European Federation of Consultants in Traditional Chinese Medicine			
TCM Forum			
Oct. 26, A.M. 9:20-9:40 and 14:00-16:40			
Venue: Forum C			
Time	Speaker	Title	M.C.
9:20-9:40	Jing-Yan Han (China)	The Scientific Connotation on the Theory of Qi Deficiency Leading to Microvascular Exudation and Tonifying Qi to Prevent Leakage	ZHU Miansheng
9:40-10:00	Yu-ling Ma (Britain)	The Pharmacological study of clinically effective Multicomponent TCM Opens a New Era of Human Medicine	Zanyu Chen
10:00-10:20	ZHU Miansheng (France)	From the Midnight-Noon Ebb-Flow doctrine to Time-Acupoints-Space Acupuncture (ATAS)	JIANG Dan
10:20-10:40	HE Jialang (Italy)	The Clinical Wisdom and International Influence of Overseas Traditional Chinese Medicine	Dai Jingzhang
10:40-11:00	JIANG Dan (Britain)	Discussion on the Utilising TCM as a Preferential Treatment of Diseases in the UK	Shulan Tang
11:00-11:15	Dai Jingzhang (Germany)	Patient Care Evaluation Program (PEP) and Data analysis	YUAN Bingsheng
11:15-11:35	Wu Binjiang (Canada)	Research on the Academic Thoughts and Achievements of Zhang Jin, a Grandmaster of Acupuncture Techniques	WANG Yongzhou
11:35-11:50	HAO Jishun (USA)	Treatment of Cerebral Palsy with Chinese Scalp Acupuncture	Wang You-jun
11:50-12:05	WANG Yongzhou (France)	Academic origins and schools of microneedle system	YU Funian
12:05-12:25	Zhenyang Jin (China)	How big data supports the inheritance, innovation, and development of Traditional Chinese Medicine on a global scale	LIN Ling
12:25-14:00	LUNCH		
14:00-14:15	Shulan Tang (Britain)	The Profound Theory of TCM in Treating Severe Cases of COVID-19	GUO Jianan
14:15-14:30	YU Funian (Hungary)	Exploration of Traditional Chinese Medicine on the Healing Mechanism of Wudalianchi Cold Mineral Water	Zhongbin Wang

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

14:30-14:45	Zanyu Chen (Britain)	On pattern and treatment system of Zang Fu from the Golden Chamber's Synopsis	Chen Chun Xin
14:45-15:00	YUAN Bingsheng (Britain)	Application of Jing-Fang in Treating Palpitations Caused by COVID-19 and Related Conditions	Hongchun Yin
15:00-15:15	Zhongbin Wang (Belgium)	Clinical experience of using cough relief powder to treat intractable cough	YU Funian
15:15-15:30	Chen Chun Xin (Spain)	Clinical Guidance and Application of Space-Time Acupuncture Memory Points	LIN Ling
15:30-15:45	LIN Ling (Switzerland)	An Introduction to the Deqi Effect of Feiteng-Eight-Methods of the Time-Acupoints-Space Acupuncture	JIANG Dan Dai Jingzhang
15:45-16:00	Wang You-jun (Britain)	The generated and qi corresponding to heaven: the foundation of classical Chinese medicine to understand life and to guide medical practice ——from Tianhui medical books on bamboo slips to the Yellow Emperor's Internal Classic	
16:00-16:15	Liu Beinan (Britain)	Emotional Release Guided by the Pivot Movement Theory of Huang Yuanyu	ZHU Miansheng
16:15-16:30	Hongchun Yin (Britain)	Understanding of Tongue Shapes in Modern Tongue Dignostics	Liu Beinan
16:30-16:40	Summary Speech by He Jialang		

<p>第九届糖脂代谢病全球论坛 世界中联代谢病专委会第六届学术年会 2024.10.26 上午 会场：Forum E 厅 8:00-12:00</p>			
08:00-08:10	参会专家合影		主持
开幕式			
08:10-9:10	大会主席郭姣教授致辞		肖炜
	广东药科大学党委书记刘晟教授致辞		
	世界中医药学会联合会领导致辞		
	张伯礼院士致辞		
	国家中医药管理局领导致辞		
	“全球糖脂代谢健康行动”启动仪式		
	糖脂代谢病国际标准制订启动仪式		
	糖脂代谢病广东药科大学—比利时中心 揭牌仪式		
9:10-9:30	世界中医药学会联合会代谢病专业委员会 换届		荣向路
学术报告			
时间	内容	讲者	主持人
9:30-9:40	主旨报告	Chauvierre Cédric 教授 (法国)	郭姣
9:40-9:50	主旨报告	杜智敏 教授	刘松林

第二十一屆世界中醫藥大會（巴黎·2024）
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

9:50-10:00	主旨報告	王繼剛 教授	郝吉順 (美國)
10:00-10:10	主旨報告	郭姣 教授	田海河 (美國)
10:10-10:20	主旨報告	Isabelle Tostivint (法國)	何嘉琅 (意大利)
10:20-10:30	主旨報告	Haoyi Liu 教授 (美國)	王德輝 (美國)
10:30-10:40	主旨報告	萬海同 教授	單寶枝
10:40-10:50	主旨報告	黃偉 教授	Liling Tao (比利時)
10:50-11:00	主旨報告	李靖 教授	楊潔紅
11:00-12:00	圓桌會議		郭姣

The 9th Glycolipid Metabolic Disease Global Forum & The 6th Annual Academic Conference of the Metabolic Diseases Committee, WFCMS 2024.10.26 A.M. Hall: Forum E 8:00-12:00			
08:00-08:10am	Group Photo		Organizing team
Opening Ceremony			
08:10-9:10am	Speech by Professor Jiao Guo, Chairperson of the Conference		Professor Wei Xiao
	Speech by Professor Sheng Liu, Party Secretary of Guangdong Pharmaceutical University		
	Speech by the Leaders of WFCMS		
	Speech by Academician Boli Zhang		
	Speech by the Leaders of State Administration of Traditional Chinese Medicine		
	“Launching Ceremony of the Global Glycolipid Metabolism Health” Initiative		
	Launching Ceremony for the Development of International Standards for Glycolipid Metabolic Diseases		
	Opening Ceremony of Glycolipid Metabolism Disease Guangdong Pharmaceutical University - Belgium Center		
9:10-9:30am	WFCMS Specialty Committee Re-election		Professor Xianglu Rong
Academic Report			
Time	Activities	Speaker	Host/Hostess

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

9:30-9:40am	Keynote Report	Professor Chauvierre Cédric (France)	Professor Jiao Guo (China) Professor Songlin Liu (China)
9:40-9:50am	Keynote Report	Professor Zhimin Du (China)	
9:50-10:00am	Keynote Report	Professor Jigang Wang (China)	Professor Jishun Hao (USA) Professor Haihe Tian (USA)
10:00-10:10am	Keynote Report	Professor Jiao Guo (China)	
10:10-10:20am	Keynote Report	Professor Isabelle Tostivint (France)	Professor Jialang He (Italy) Professor Dehui Wang (USA)
10:20-10:30am	Keynote Report	Professor Jenny Liu (USA)	
10:30-10:40am	Keynote Report	Professor Haitong Wan (China)	Professor Baozhi Shan (China) Professor Liling Tao (Belgium)
10:40-10:50am	Keynote Report	Professor Wei Huang (China)	
10:50-11:00am	Keynote Report	Professor Jing Li (China)	Professor Jiehong Yang (China)
11:00-12:00am	Roundtable Conference		Professor Jiao Guo (China)

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

世界中联五运六气专业委员会 2024 年学术年会 暨龙砂医学诊疗技艺、龙砂开阖六气针法国际学术交流会 2024 年 10 月 26 日 全天 会场：Forum F 厅 上午：08:30-12:10 下午：13:30-17:30			
时间段	演讲者	题目	主持人
08:30-80:40	致 辞		陆曙
80:40-09:30	顾植山	中华文明与古中医	
09:30-09:50	陆曙	龙砂医派五运六气五维辨治	陶国水
09:50-10:10	王淑萍 (法国)	观象辨五运六气实践体会	
10:10-10:30	钱伟华 (瑞士)	龙砂开阖六气针法的临床应用	倪君
10:30-10:50	张翠玲 (德国)	龙砂开阖六气针法临床应用初探	
10:50-11:10	王希军	五运六气思维治疗消化系统肿瘤病案 五例分析	简柳军
11:10-11:30	周亚红	五运六气在龙砂医派女科中运用	
11:30-11:50	江 红	查象握机--针药结合治疗疑难病	王淑萍
11:50-12:10	倪 君	运气思维与临床实践	
午 休			
13:30-13:50	陶国水	龙砂医派运用开阖枢理论指导经方运 用实践	陆曙
13:50-14:10	张 钰 (美国)	2024-浅议乌梅丸及其应用	
14:10-14:30	王 荣	我的入门之方——正阳汤的临床应用	周亚红
14:30-14:50	吕淑民	运气思维在临床疾病的应用	
14:50-15:10	丁 丁 (德国)	龙砂开阖六气针法治疗中风后选症案 例	钱伟华
15:10-15:30	郑瑞琴	从一例精子顶体酶低下案引发的思考	
15:30-15:50	简柳军 (法国)	学习五运六气对全面准确认识五运六 气的重要性	陶国水

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

Specialty Committee of Five Circuits and Six Qi 2024 Academic Annual Meeting And International Academic Exchange Conference on Longsha Medical Treatment Techniques and Longsha Kai He Six Qi Acupuncture October 26, 2024, All Day Hall: Forum F			
Morning: 08:30 - 12:10		Afternoon: 13:30 - 17:30	
Time	Speaker	Title	MC.
08:30-08:40	Opening Speech		Lu Shu
08:40-09:30	Gu Zhishan	Chinese Civilization and Ancient Medicine	
09:30-09:50	Lu Shu	Longsha Medical School's Five Movements, Six Qi, and Five Dimensions Diagnosis and Treatment	Tao Guoshui
09:50-10:10	Wang Shuping (France)	Observational Insights into Five Elements and Six Qi Practices	
10:10-10:30	Qian Weihua (Switzerland)	Clinical Applications of Longsha Kai He Six Qi Acupuncture	Ni Jun
10:30-10:50	Zhang Cuiling (Germany)	Initial Exploration of Clinical Applications of Longsha Kai He Six Qi Acupuncture	
10:50-11:10	Wang Xijun	Five Elements and Six Qi Thought in Treating Digestive System Tumor Cases: Five Case Analyses	Jian Liujun
11:10-11:30	Zhou Yahong	Application of Five Elements and Six Qi in Women's Health within Longsha Medicine	
11:30-11:50	Jiang Hong	Diagnosis and Treatment of Difficult Diseases with Needle and Medicine Combination	Wang Shuping
11:50-12:10	Ni Jun	Theoretical Thinking and Clinical Practice of Five Elements and Six Qi	
Lunch Break			

Specialty Committee of Five Circuits and Six Qi 2024 Academic Annual Meeting And International Academic Exchange Conference on Longsha Medical Treatment Techniques and Longsha Kai He Six Qi Acupuncture			
October 26, 2024, All Day			
Hall: Forum F			
Morning: 08:30 - 12:10		Afternoon: 13:30 - 17:30	
Time	Speaker	Title	MC.
13:30-13:50	Tao Guoshui	Guiding the Application of Classical Formulas with Kai He Shu Theory in Longsha Medicine	Lu Shu
13:50-14:10	Zhang Yu (USA)	2024-A Brief Discussion on Wumei Pill and Its Applications	
14:10-14:30	Wang Rong	My Introductory Formula—Clinical Application of Zhengyang Tang	Zhou Yahong
14:30-14:50	Lv Shumin	Application of Theoretical Thinking of Five Elements and Six Qi in Clinical Diseases	
14:50-15:10	Ding Ding (Germany)	Case Studies of Longsha Kai He Six Qi Acupuncture in Stroke Treatment	Qian Weihua
15:10-15:30	Zheng Ruiqin	Reflections Triggered by a Case of Low Sperm Acrosomal Enzyme	
15:30-15:50	Jian Liujun (France)	Importance of Learning Five Elements and Six Qi for Comprehensive and Accurate Understanding	Tao Guoshui

第二十一届世界中医药大会（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

<p>第三届中西医结合高峰论坛</p> <p>2024.10.26 上午</p> <p>会场：Forum H 厅 08:30-11:45</p>			
时间段	报告人	报告题目	主持人
08:30-08:45	<p>1. 领导致欢迎辞</p> <p>2. 合影</p>		田雪飞
08:45-09:05	杜惠兰	张锡纯补肾调冲法调控母胎界面有氧糖酵解微环境促进胚胎植入的机制研究	
09:05-09:45	田雪飞	鼠妇 avu-miR-2863 抗肝癌机制研究	张 振
	虞勤慧	清热解毒中药的药效学物质基础及其抗动脉粥样硬化作用	
09:45-10:25	陈俊梅	经方治疗不孕症应用体会	虞勤慧
	余 颜	补阳还五汤苷类组分调控脑梗死神经细胞焦亡的研究	
10:25-11:05	陈鸿旭	乳铁蛋白修饰负载天麻素外泌体跨血脑屏障改善帕金森病模型损伤	贺 明
	田 莎	工程化铜绿假单胞菌通过抑制 CCL4 调控类风湿关节炎 M1/M2 巨噬细胞平衡的研究	
11:05-11:45	范丽洁	氧化应激对卵母细胞发育潜能的影响及相关中医药研究	陈俊梅
	贺 明	补肾助孕方通过 KLF4 调控组蛋白 H3K4me3 修饰改善子宫内膜容受性的机制	
11:45	闭幕式		杜惠兰 贺 明

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

The 3rd International Summit Forum on the Integration of Traditional Chinese and Western Medicine			
2024.10.26 A.M.			
Hall: Forum H 08:30-12:00			
Time	Speaker	Title	MC.
08:30-08:45	1. Delivery of a Welcome Speech by a Leader 2. Group Photo Session		
08:45-09:05	Du Huilan	Research on the Mechanism of Zhang Xichun's Reinforcing Kidney and Regulating Chong Method in Regulating the Aerobic Glycolysis Microenvironment at the Maternal-fetal Interface to Promote Embryo Implantation	Tian Xuefei
09:05-09:45	Tian Xuefei	Study on the anti-liver cancer mechanism of avu-miR-2863	Zhang Zhen
	Tuo Qinhui	Pharmacodynamic material basis and its anti-atherosclerosis of clearing and detoxifying herbs	
09:45-10:25	Chen Junmei	Experience in the application of Jingfang in treating infertility	Tuo Qinhui
	She Yan	Study on Glycosides of Buyang Huanwu Decoction regulating neuronal pyroptosis of cerebral infarction	
10:25-11:05	Chen Hongxu	Lactoferrin-modified Exosomes loading Gastrodin and across the Blood-brain barrier improve damage in Parkinson's disease	He Ming
	Tian Sha	Engineered Pseudomonas aeruginosa Effectively Alleviated Rheumatoid Arthritis by Restoring M1/M2 Macrophage Balance via Inhibiting CCL4	
11:05-11:45	Fan Lijie	Oxidative stress effects on oocyte developmental potential and related traditional Chinese medicine research	Chen Junmei
	He Ming	The mechanism of Bushen Zhuyun Recipe through KLF4 regulating histone H3K4me3 modification to improve endometrial receptivity	
11:45	Closing ceremony		Du Huilan He Ming

第二十一届世界中医药大会（巴黎·2024）
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

世界中联中医诊断学专委会第十届学术年会			
2024.10.26 下午			
会场：Forum H 厅 13:00-17:00			
时间段	报告人	报告题目	主持人
13:00-13:10	世界中联秘书处领导致辞		刘旺华
13:10-13:20	世界中联中医诊断学专委会会长 彭清华 致辞		
13:20-13:35	陈家旭	气滞证辨证标准的研究	
13:35-13:50	文贵华	满足空间一致性和互补性约束的组合诊断	
13:50-14:05	郑建华 (澳大利亚)	中医“热结旁流”的诊疗经验—附验案二例	陈家旭
14:05-14:20	曾世宗 (澳大利亚)	应对顽固疑难皮肤病的中医临床诊疗思路 及典型病案	
14:20-14:35	彭清华	中医目诊智能诊断	文贵华
14:35-14:45	张华	基于深度学习技术的中医肝病目诊研究	
14:45-14:55	郝闻致	方证相应理论指导下中医复方逍遥散抗抑郁药效机制与物质基础研究进展	
14:55-15:05	谢梦洲	药食同源类中药对肠道微生态的影响及展望	郑建华（澳大利亚）
15:05-15:15	刘旺华	与时俱进论主诉	
15:15-15:25	肖晓霞	糖尿病视网膜病变智能诊断与分级的新方法	

第二十一届世界中医药大会（巴黎·2024）
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

世界中联中医诊断学专委会第十届学术年会			
2024.10.26 下午			
会场：Forum H 厅 13:00-17:00			
时间段	报告人	报告题目	主持人
15:25-15:35	王利	阴虚动风证 PD 证候生物学基础研究及复方地黄颗粒的干预作用	张华
15:35-15:45	宋厚盼	在校大学生群体舌面象客观化研究	
15:45-15:55	何竹青	基于病证结合思路的帕金森病中医证候动物模型研究	
15:55-16:05	夏帅帅	面向认知智能的中医诊断知识图谱构建研究	曾世宗（澳大利亚）
16:05-16:15	龙茜	基于球结膜微循环的望眼识巢理论阐释及宏观与微观辨证思路初探	
16:15-16:25	谭亢	基于开阖枢三阴三阳理论探讨干眼的病机和治疗思路	
16:25-16:35	钟缘	基于 ROS/p38 MAPK 信号通路探究除风益损汤治疗 PM2.5 诱导干眼的作用机制	宋厚盼
16:35-16:45	汤钰	中医药调节肠道菌群在 POAG 中的作用机制：数据挖掘与孟德尔随机化研究	
16:45-16:55	吕怡	彭清华教授运用“辛以润之”治疗干眼经验	
16:55-17:00	会议总结		刘旺华

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

The 10th Annual Academic Conference of Specialty Committee of Chinese Medicine			
Diagnostics of WFCMS			
2024.10.26 P.M.			
Hall: Forum H 13:00-17:00			
Time	Speaker	Title	MC.
13:00-13:10	Speech by Secretariat leader of the WFCMS		Liu Wanghua
13:10-13:20	Speech by Peng Qinghua, Chairman of Specialty Committee of Chinese Medicine Diagnostics		
13:20-13:35	Chen Jiayu	Research on the Syndrome Differentiation Standards of Qi Stagnation Syndrome	
13:35-13:50	Wen Guihua	Combination Diagnosis with Consistency and Complementary of Spaces as Constraints	
13:50-14:05	Zheng Jianhua (Australia)	Diagnosis and Treatment Experience of Traditional Chinese Medicine's "Heat Knot Associated Flow" - Two Supplementary Cases	Chen Jiayu
14:05-14:20	Zeng Shizong (Australia)	Traditional Chinese Medicine Clinical Diagnosis and Treatment Strategies and Typical Cases for Dealing with Stubborn and Difficult Skin Diseases	
14:20-14:35	Peng Qinghua	Intelligent Diagnosis of Traditional Chinese Medicine Visual Diagnosis	Wen guihua
14:35-14:45	Zhang Hua	Research on Visual Diagnosis of Traditional Chinese Medicine Liver Disease Based on Deep Learning Technology	
14:45-14:55	Hao Wenzhi	Research progress on the Mechanism and Material Basis of Antidepressant Efficacy of Chinese Medicine Compound Xiaoyao San Under the Guidance of Corresponding theory of Prescription and Syndrome	

The 10th Annual Academic Conference of Specialty Committee of Chinese Medicine Diagnostics of WFCMS 2024.10.26 P.M. Hall: Forum H 13:00-17:00			
Time	Speaker	Title	MC.
14:55-15:05	Xie Mengzhou	The Impact and Prospect of Traditional Chinese Medicine with the Same Origin of Medicine and Food on Intestinal Microbiota	Zheng Jianhua(Australia)
15:05-15:15	Liu Wanghua	Keeping Up With the Times to Discuss Chief Complaints	
15:15-15:25	Xiao xiaoxia	A new method for intelligent diagnosis and grading of diabetes retinopathy	
15:25-15:35	Wang Li	Research on the Biological Basis of PD Syndrome with Yin Deficiency and Dynamic Wind Syndrome and the Intervention Effect of Compound Dihuang Granules	Zhang Hua
15:35-15:45	Song Houpan	Objective Study on Tongue Appearance of College Students in School	
15:45-15:55	He Zhuqing	Research on Traditional Chinese Medicine Syndrome Animal Model of Parkinson's Disease Based on the Combination of Disease and Syndrome Approach	
15:55-16:05	Xia Shuaishuai	Research on the Construction of Traditional Chinese Medicine Diagnostic Knowledge Graph for Cognitive Intelligence	

The 10th Annual Academic Conference of Specialty Committee of Chinese Medicine Diagnostics of WFCMS 2024.10.26 P.M. Hall: Forum H 13:00-17:00			
Time	Speaker	Title	MC.
16:05-16:15	Long Xi	Interpretation of Nest Recognition Theory Based on Conjunctival Microcirculation and Preliminary Exploration of Macro and Micro Diagnostic Thinking	
16:15-16:25	Tang Kang	Exploring the Pathogenesis and Treatment Strategies of Dry Eye based on the Theory of Kai Heshu San Yin San Yang	
16:25-16:35	Zhong Yuan	Exploring the Mechanism of Action of Qufeng Yisheng Tang in Treating PM2.5 Induced Dry Eye Based on ROS/p38 MAPK Signaling Pathway	
16:35-16:45	Tang Yu	The Mechanism of Chinese Medicine Regulating Gut Microbiota in POAG: Data Mining and Mendelian Randomization Study	Song Houpan
16:45-16:55	Lv Yi	Professor Peng Qinghua's Experience in Treating Dry Eyes with "Xin Yi Run Zhi"	
16:55-17:00		Meeting Summary	Liu Wanghua

第二十一届世界中医药大会 (巴黎 · 2024)
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

第 21 届世界中医药大会			
中医药妇科 (辅助生殖) 国际传承与人才培养论坛			
2024.10.26 上午			
会场: Forum I 厅		8:30-12:00	
时间段	报告人	报告题目	主持人
8:30-8:40		领导致辞	马堃
8:40-9:05	连方	治未病理念指导下的生育力保护	马堃
9:05-9:30	马堃	补肾促卵方调控 SIRT1 通路改善 POF 小鼠卵巢功能的机制研究	连方
9:30-9:55	徐莲薇	基于海派特色的中医药治疗卵巢储备功能减退 不孕症专家共识	姜丽娟
9:55-10:20	姜丽娟	基于和畅宫络玄府内外合调内膜助孕	徐莲薇
10:20-10:40	张春雁	针灸治疗痛经的临床及机制初探	高山凤
10:40-11:00	高山凤	名老中医傅方珍治疗外阴溃疡经验及临床应用	张春雁
11:00-11:20	宋清霞	假山郑氏妇科学术思想在妇科的应用	常卓
11:20-11:40	吴海萃	基于系统生物学的肾主生殖理论传承	宋清霞
11:40-12:00	常卓	CyclinD-CDK4/CDK6 和 CyclinE-CDK2 通路 的时间变化: 对基于免疫的不明原因复发性 自然流产小鼠蜕膜化缺陷影响的机制	吴海萃

Forum on International Inheritance and Talent Cultivation of Chinese Medicine Gynecology (Assisted Reproduction)			
2024.10.26 A.M.			
Hall: Forum I 8:30-12:00			
Time	Contents		MC.
8:30-8:40	Welcome Speech		Ma Kun
Time	Speaker	Title	MC.
10:40-10:55	Lian Fang	Fertility Preservation Guided by the Concept of "Preventive Treatment of Disease"	Ma Kun
10:55-11:10	Ma Kun	Study on the mechanism of kidney tonic formula regulating SIRT1 pathway to improve ovarian function in POF mice	Lian Fang
11:10-11:25	Xu Lianwei	Expert consensus on diminished ovarian reserve-caused infertility treatment with traditional Chinese medicine with Shanghai style characteristics	Jiang Lijuan
11:25-11:40	Jiang Lijuan	Based on the internal and external regulation of the HeChang GongLuo XuanFu endometrium for assisted pregnancy	Xu Lianwei
11:40-11:50	Zhang Chunyan	A preliminary clinical and mechanistic study of acupuncture in the treatment of dysmenorrhea	Gao Shanfeng
11:50-12:00	Gao Shanfeng	Fu Fangzhen's experience and clinical application in treating vulvar ulcer	Zhang Chunyan
12:00-12:10	Song Qingxia	Application of Wushan Zheng's Academic Gynecological Thought in Gynecology	Chang Zhuo
12:10-12:20	Wu Haicui	Inheritance of renal reproductive theory based on systems biology	Song Qingxia
12:10-12:30	Chang Zhuo	Temporal changes in the CyclinD-CDK4/CDK6 and CyclinE-CDK2 pathways: mechanisms underlying the effects on immune-based defects in ecdysis in mice with unexplained recurrent spontaneous abortion	Wu Haicui

第二十一届世界中医药大会（巴黎·2024）
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

首届中医药新赛道新模式国际发展论坛			
2024.10.26 上午			
会场：Forum J 厅 9:00-12:00			
时间段	报告人	报告题目	主持人
9:00-9:10	世界中联副主席、中东欧中医药学会联合会主席于福年致辞		缪嘉军
9:10-9:20	世界中联秘书处领导致辞		
9:20-9:45	侯小涛	中国—东盟传统药物研究平台建设与合作实践	
9:45-10:10	胡秀平	中医药特色清鼻服务的“清鼻堂”创新模式	
10:10-10:35	李强	从“武汉模式”到“益寿中国”模式——健康老龄化与高质量社区健康服务模式升级	
10:35-10:50	李永君	桑木古方制备与雾化给药在慢性鼻炎治疗中的应用	侯小涛
10:50-11:15	易湘茜	海洋中药无瓣海桑果实新型延缓衰老物质基础及其作用机制研究	
11:15-11:40	李汉荣	中医药企业创新模式引领下的全球拓展	
11:40-12:00	缪嘉军	白俄罗斯用中药及相关产品创新注册的办法推动中医药产业发展	

第二十一屆世界中醫藥大會（巴黎·2024）
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

The First International Development Forum on New Races and Models of Traditional Chinese Medicine October 26, A.M. Venue: Forum J 9:00-12:00			
Time	Speaker	Title	MC.
9:00-9:10	Speech by Yu Funian Vice President of the World Federation of Chinese Medicine Societies and President of the Central and Eastern European Federation of Chinese Medicine Societies		Miao Jiajun
9:10-9:20	Speech by Secretariat leader of the WFCMS		
9:20-9:45	Hou Xiaotao	Construction and Cooperation Practice of China —ASEAN Traditional Medicine Research Platform	
9:45-10:10	Hu Xiuping	Innovative model of "Qing bi tang" for traditional Chinese medicine characteristic nasal cleaning services	
10:10-10:35	Li Qiang	From the "Wuhan Model" to the "Yishou China" Model——Healthy aging and upgrading of high-quality community health service models	
10:35-10:50	Li Yongjun	Application of Sangmugu Formula Preparation and Nebulization in the Treatment of Chronic Rhinitis	Hou Xiaotao
10:50-11:15	Yi xiangqian	Directional mining of novel compounds from the fruit of mangrove <i>Sonneratia apetala</i> and their regulation transcription factor in <i>Caenorhabditis elegans</i>	
11:15-11:40	Li Hanrong	Global expansion led by innovative models of traditional Chinese medicine enterprises	
11:40-12:00	Miao Jiajun	Belarus promotes the development of traditional Chinese medicine industry through innovative registration of traditional Chinese medicine and related products	

第二十一屆世界中医药大会 (巴黎 · 2024)
 21e Congrès mondial de médecine chinoise (Paris 2024)
 21st World Congress of Chinese Medicine (Paris 2024)

意大利中医针灸论坛			
2024.10.26 上午			
会场: Scene G 厅		9:00-12:30, 14:00-17:00	
时间段	报告人	报告题目	主持人
9:00-9:10	意大利国家针灸学会 弗兰克会长 致辞		温卫华 王铮
9:10-9:20	意大利中医药学会 郭春彪会长 致辞		
9:20-9:50	Vita Revelli	中医在两千年前的丰富: 中医与现代科学	
9:50-10:20	何斌	腰痛的针灸治疗方法	
10:20-10:50	Franco Menichelli	面神经瘫痪的针灸治疗	Gabrielle Passi Lay 王铮
10:50-11:20	Gabriel Cotea	山元氏头针临床治疗病例	
11:20-11:50	郭春彪	头针治疗多发性硬化症	詹加民 王铮
11:50-12:30	Cecilia Lucenti	神经针灸: 为医生培训和临床整合定义了重要资源	
14:00-14:30	Francesco Menichelli	激光针灸是古代学科的技术方法	詹加民 王铮
14:30-15:00	闫小明	针灸远端取穴治疗膝关节炎	吕游 王铮
15:00-15:30	Gabriele Nazario	古代医学和中医学——七个诠释步骤	
15:30-16:00	Massimo Iannaccone	KSM 方法在髋髂关节和脊柱功能障碍的保守治疗和术后治疗中的应用	
16:00-16:30	Elisa Menichelli	推拿和耳穴疗法: 治疗过度超重	陈敏 王铮
16:30-17:00	Wang Weixun	针灸治疗乳腺增生性疼痛	

第二十一屆世界中醫藥大會（巴黎·2024）
21e Congrès mondial de médecine chinoise (Paris 2024)
21st World Congress of Chinese Medicine (Paris 2024)

AIA Forum			
2024.10.26			
Hall: Scene G 9:00-12:30, 14:00-17:00

主办单位简介

世界中医药学会联合会 WFCMS

世界中医药学会联合会（下称“世界中联”）是一家总部设在中国北京的国际性学术组织。该学会于2003年成立，经中华人民共和国国务院批准、于民政部登记注册。世界中联致力于中医药国际发展。目前在全球75个国家及地区拥有289家团体会员，覆盖阿联酋、巴基斯坦、中国香港、中国澳门、中国台湾、日本、韩国、泰国、新加坡、以色列、印度尼西亚、菲律宾、爱尔兰、比利时、英国、法国、德国、意大利、匈牙利、西班牙、葡萄牙、希腊、黑山、乌克兰、波兰、阿根廷、巴西、加拿大、美国、秘鲁、墨西哥、斐济、澳大利亚、新西兰、南非、毛里求斯、莫桑比克、加蓬、埃及等国家和地区。世界中联是国际标准化组织ISO/TC249的A级联络组织，是联合国教科文组织认证的非政府机构，并与世界卫生组织建立了正式关系，获得了联合国经社理事会特别咨商地位。

世界中联以“一体两翼”的模式发展壮大，以秘书处、会员团体及理事会及监事会为核心，以专业委员会及产业分会为分支机构。世界中联秘书处共有全职员工60余名，设有包括学术部、国际联络部、国际标准部、国际职业资格（水平）认定中心、科技管理部、临床循证研究指导中心、及《世界中医药》杂志社等在内的14个部门。世界中联拥有近200家分支机构，其中包括以学术发展、学科建设为核心的170余家专业委员会，如：儿科专委会、中药药剂专委会、及糖尿病专委会，由各学科领域的专家以个人身份组成；另包括20余家以产业发展、产品服务为核心的产业分会，如：中国传统医药非物质文化遗产产业分会、中药房自动化产业分会等，由各产业企业及机构以团体身份组成。

成立以来，世界中联成功打造了三级学术会议平台。除了各大洲区域论坛及分支机构会议以外，自2004年开始，世界中联每年举办世界中医药大会，至今已先后在中国北京、法国巴黎、加拿大多伦多、新加坡、中国澳门、澳大利亚墨尔本、荷兰海牙、英国伦敦、马来西亚古晋、美国旧金山、俄罗斯圣彼得堡、西班牙巴塞罗那、新西兰奥克兰、泰国曼谷、意大利罗马、匈牙利布达佩斯、中国北京（线上）、中国香港、巴西圣保罗、菲律宾马尼拉成功举办了20届。会议旨在推动中医药国际发展，历届参会规模1000人左右。第八届世界中医药大会（英国·伦敦）全球点击量超过1350万，2012年排名中国会议产业医学类会议第一位。

Introduction to World Federation of Chinese Medicine Societies

World Federation of Chinese Medicine Societies (WFCMS) is an international NGO dedicated to global traditional Chinese Medicine (TCM) development. Founded in 2003, it is approved by the State Council of P.R. China and registered with the Ministry of Civil Affairs of P.R. China. The NGO headquarters in Beijing, China and currently has 289 member societies in 75 countries and regions, each of them are local institutions of Chinese medicine. WFCMS is the A-Liaison organization of International Organization for Standardization (ISO) in TC249, the accredited NGO of United Nations Educational, Scientific and Cultural Organization (UNESCO) Intergovernmental Committee for the Safeguarding of Intangible Cultural Heritage as well as the non-governmental organization of World Health Organization (WHO). During 2021, WFCMS obtained special consultative status with the United Nations Economic and Social Council.

The NGO is developed in “one body and two wings” structure, with the Secretariat, member societies and the Council Board and Supervision Board as the major parts, specialty committees and international alliances as the branches. The Secretariat has about 60 full-time staffs respectively in 14 departments, including department of academic exchange, international liaison, standardization, examination and certification, trade in services, evidence-based center, and periodical office of World Journal of Chinese Medicine, etc. The Council Board and Supervision Board is composed of representatives of all member societies, hold meetings every year, during which major decisions were discussed and made. WFCMS has 200 branches, including about 170 specialty committees- each of them gathering experts of a certain discipline, focusing on academic development, such as specialty committee of pediatrics, herbal medicine, and diabetes, etc; and about 25 international liaisons of industry development, gathering enterprises of certain area, for example: Traditional Chinese Medicine Intangible Cultural Heritage Industrial Alliance, The Herbal Decoction Apparatus International Alliance, and Healthcare Products for Strengthening Tendons and Bones Industry Alliance, etc.

For 20 years, WFCMS develops a three-leveled academic conference platform. WFCMS organizes continental forum and conferences of branches. Since 2004, the World Congress of Chinese Medicine (WCCM) is held annually, and the congress has been respectively convened in China, France, Canada, Singapore, Macau, Australia, the Netherlands, UK, Malaysia, USA, Russia, Spain, New Zealand, Thailand, Italy, Hungary, Hong Kong China, Brazil and the Philippines. It is the global top event of traditional Chinese medicine. The event attracts about 1000 on-site attendees every year, drew 13.5 million visitors online in 2011 (the 8th, London), ranked No.1 in medical conferences of 2012 China Meeting Industry Rankings.

法国中国中医药中心（CFCMC）

概况：

法国中国中医药中心是在法国中央大区罗莫朗坦-朗特奈市辖区的警察局注册一家非营利性机构，为协会性质的学会组织机构，注册名称为 Centre France Chine de la Médecine Chinoise（CFCMC），并进行了社会公示。中国-法国中医药中心（塞纳）项目于 2018 年 11 月由国家中医药管理局在法国塞纳市正式挂牌，属国家中医药管理局中医药国际合作专项，后该项目落地于 CFCMC。

中心项目工作目标是落实中法两国政府《中法中医药合作协议》以及国家中医药管理局《推进中医药高质量融入共建“一带一路”发展规划（2021-2025 年）》，搭建中法两国间医学互动交流的平台，探讨中法合作开展中医药科学研究、疾病防治、人才培养等，促进中法医学及文化交流，增进中法人民之间的友谊，让中国中医药学服务于法国民众的健康，共同在重大疾病防治以及卫生经济学领域寻求合作与突破。探索打造“中医药海外产业园”，提升中医药海外中医药中心的社会效益和经济效益，促进中医药服务贸易发展，推动中医药的国际传播与健康旅游发展。CFCMC 的组织机构以非营利机构的模式运作，自成立之初便制定了学会章程，章程规定的主要工作目标为创建发展为一个中医药开放式平台，以促进中国和法国在健康、福祉和中医药高质量发展等方面的交流与合作为宗旨。

CFCMC 的主要工作内容：

1、促进中法医学交流与合作：CFCMC 致力于搭建中法两国间医学互动交流的平台，通过组织专家交流会议、学术研讨会、工作坊等活动，促进两国在中医药领域的知识分享、技术交流及最新医学研究成果的发布；

2、搭建国际科研合作平台：CFCMC 将作为中法乃至更广泛的国际科研合作网络的枢纽，促进中医药领域的跨国研究项目和合作。通过定期组织国际科学会议、研讨会和工作坊，为研究者提供交流最新科研成果、探讨研究方法和促进跨学科合作的机会。此外，CFCMC 将助力建立稳定的科研合作关系，为共同研究项目提供支持和资源；

3、中醫藥教育與人才培養：發展面向國際學生和專業人員的中醫藥教育課程和培訓項目，包括在線教學和面授課程。課程內容涵蓋中醫藥基礎理論、診療技術、藥物學習以及中醫藥在現代醫學中的應用等。通過與全球高校和研究機構的合作，提供認證的教育項目，培養具有國際視野的中醫藥人才；

4、國際人才交流：設立獎學金和訪問學者項目，支持國際學者和學生在 CFCMC 進行研究和專業培訓。促進中醫藥專業人員參與國際會議和臨床實習，增強國際醫療社區對中醫藥的認識；

5、文化交流與民間友好：通過文化活動、展覽和講座等形式，介紹中醫藥文化給法國和國際民眾，增進對中醫藥的了解和接受。通過這些活動增進中法及國際民眾之間的理解和友誼；

6、中醫藥海外產業園與國際傳播：探索在法國建立中醫藥海外產業園，促進中醫藥產品的國際市場拓展。推廣中醫藥相關的健康旅遊項目，吸引國際遊客體驗中醫藥文化和服務。組織國際研討會和論壇，討論中醫藥的全球化發展策略；

7、疾病防治與公共健康促進：除了前述的活動，CFCMC 還將發起國際合作項目，針對全球公共衛生挑戰（如傳染病、慢性疾病和心理健康問題）開展研究，探索中醫藥在全球健康治理中的作用。通過與國際組織和非政府組織的合作，參與制定公共健康策略和干預措施；

8、發行科學出版物：在世界中醫藥學會聯合會以及《世界中醫藥》雜誌的指導下，攜手法國本地與世界各地的專家學者共同努力，《世界中醫藥》雜誌法國版在 2021 年創刊並正式出版發行，通過這一本學術期刊，致力於把中醫藥推廣到法國乃至整個法語世界。作為《世界中醫藥》雜誌法國版的出版與發行主體，CFCMC 在推廣中醫藥的國際交流與普及方面扮演了關鍵角色。此雜誌的發行不僅為全球讀者，特別是法語區域的讀者，提供了一個深入探索中醫藥知識、最新研究成果及發展動態的專業平台，同時也顯著提升了中醫藥在全球醫療領域中的學術地位與影響力。該雜誌擁有國際版電子刊號（ISSN 2966-7038）和紙質刊號（ISSN 2970-2844）。

《世界中醫藥》雜誌法國版的关键職能和目標包括：1.學術交流的促進：提供一個國際級的學術平台，供中醫藥領域的研究者、學者及專業人員發表研究成果和學術觀點，促進學術交流和知識共享；2.中醫藥知識的普及：通過科普文章和研究報告的發布，普及中醫藥知識，提高公眾對中醫藥的認識和理解，特別是在非中文語言區域；3.國際合作的橋梁：作為一個國際化的學術期刊，搭建東西方醫學、科研机构及學者

之間的交流橋梁，促進國際合作項目的發起和實施；4.數字化傳播的加強：通過數字化平台和社交媒體的利用，擴大雜誌的閱讀群體和影響力，使中醫藥的學術研究和知識傳播更加廣泛和便捷；5.質量控制與國際標準的遵循：保證出版內容的高質量和科學性，遵循國際學術出版的標準和倫理，提升雜誌的學術聲譽和國際認可度。

《世界中醫藥》雜誌法國版的成功創刊和持續發行，證明了CFCMC在推動中醫藥文化和科學知識國際傳播方面的努力和成就。通過這一學術期刊，CFCMC不僅促進了中醫藥的國際化發展，還為全球醫學界提供了一個了解和学习中醫藥的寶貴資源，進一步增進了國際社會對中醫藥的認識和尊重。

通過實施這些工作職能，CFCMC旨在深化中法兩國在健康、福祉和中醫藥發展等方面的交流與合作，推動中醫藥的國際化，為全球公共衛生和醫療健康領域作出貢獻，促進中法乃至國際社會的醫學及文化交流。

Centre France Chine de la Médecine Chinoise (CFCMC)

Présentation générale :

Le Centre France Chine de la Médecine Chinoise (CFCMC) est une organisation à but non lucratif, enregistrée auprès de la préfecture de Romorantin-Lanthenay, dans la région Centre-Val de Loire, en France. Le projet du Chine-France Centre de la Médecine Chinoise (Selles-sur-Cher) a été officiellement inauguré en novembre 2018 à Selles-sur-Cher, en France, par l'Administration Nationale de la Médecine Traditionnelle Chinoise, dans le cadre d'un programme de coopération internationale en médecine traditionnelle chinoise. Ce projet a par la suite été intégré au sein du CFCMC.

L'objectif principal du CFCMC est la mise en œuvre de l'« Accord de coopération sino-français sur la médecine traditionnelle chinoise », ainsi que du « Plan de développement pour promouvoir l'intégration de haute qualité de la médecine chinoise dans l'initiative des Nouvelles Routes de la Soie (2021-2025) », initié par l'Administration Nationale de la Médecine Traditionnelle Chinoise. Le CFCMC se donne pour mission de créer une plateforme d'échanges médicaux entre la Chine et la France, afin de faciliter la coopération scientifique en matière de recherche sur la médecine chinoise, la prévention et le traitement des maladies, ainsi que la formation de professionnels. Le Centre vise aussi à promouvoir les échanges culturels sino-français et à renforcer l'amitié entre les peuples des deux nations, tout en faisant bénéficier la population française des bienfaits de la médecine traditionnelle chinoise. L'objectif final est de

développer des collaborations et des avancées dans les domaines de la prévention des maladies graves et de l'économie de la santé.

Le CFCMC explore également la création d'une « Zone d'activités de la médecine chinoise d'outre-mer » afin de renforcer les bénéfices sociaux et économiques de la médecine traditionnelle chinoise à l'échelle internationale. Ce projet s'inscrit dans le développement du commerce des services de la médecine chinoise et dans la promotion de sa diffusion internationale, notamment à travers le développement du tourisme de santé. L'organisation, dès sa création, s'est dotée d'un cadre réglementaire interne en tant qu'association à but non lucratif, avec pour objectif principal de devenir une plateforme ouverte pour favoriser les échanges et la coopération entre la Chine et la France dans les domaines de la santé, du bien-être et du développement durable de la médecine traditionnelle chinoise.

Les principales missions du CFCMC sont les suivantes :

1. **Promouvoir les échanges médicaux sino-français :** Le CFCMC s'engage à constituer une plateforme d'échanges entre experts médicaux chinois et français en organisant des conférences académiques, des rencontres d'experts, des ateliers, et d'autres événements. Ces initiatives visent à faciliter le partage des connaissances, les échanges techniques et la diffusion des résultats de la recherche en médecine traditionnelle chinoise.
2. **Développer une plateforme de coopération scientifique internationale :** Le CFCMC sert de pôle de coordination pour les réseaux de coopération internationale dans le domaine de la médecine chinoise. Le Centre facilite l'organisation de projets de recherche transnationaux et offre aux chercheurs un espace d'échanges sur leurs résultats et de développement de collaborations interdisciplinaires. De plus, le CFCMC joue un rôle actif dans l'établissement de partenariats de recherche durables, en fournissant un soutien logistique ainsi que des ressources nécessaires à la réalisation de projets de recherche conjoints.
3. **Éducation et formation en médecine traditionnelle chinoise :** Le Centre propose des programmes de formation destinés aux étudiants et professionnels internationaux, comprenant des cours en ligne et en présentiel. Ces formations abordent les bases théoriques de la médecine traditionnelle chinoise, ses techniques de diagnostic, ses traitements, ainsi que l'application de ses remèdes dans le cadre de la médecine moderne. En collaboration avec des universités et instituts de recherche du monde entier, nous mettons en place des programmes éducatifs accrédités visant à former des experts en médecine chinoise dotés d'une perspective internationale.

4. **Échanges de talents internationaux** : Le CFCMC met en place des bourses et des programmes de chercheurs invités pour soutenir les universitaires et étudiants internationaux désireux de mener des recherches ou de suivre une formation au sein du Centre. Il encourage également la participation des professionnels de la médecine traditionnelle chinoise à des conférences et stages cliniques internationaux, afin de renforcer la compréhension et l'intégration de la médecine chinoise au sein de la communauté médicale internationale.
5. **Échanges culturels et amitié sino-française** : Le CFCMC fait la promotion de la culture de la médecine traditionnelle chinoise à travers des activités culturelles, des expositions et des conférences, renforçant ainsi la compréhension et l'acceptation de cette pratique par le public français et international.
6. **Développement de la « Zone d'activités de la médecine chinoise d'outre-mer » et diffusion internationale** : Le Centre explore la création d'une zone dédiée à la médecine chinoise en France, afin d'encourager l'exportation des produits de médecine chinoise dans l'Hexagone. Il encourage également le développement du tourisme de santé, invitant ainsi les visiteurs internationaux à découvrir la culture et les services offerts par la médecine traditionnelle chinoise. Le Centre organise par ailleurs des conférences internationales centrées sur la mondialisation de la médecine chinoise.
7. **Prévention des maladies et promotion de la santé publique** : En complément des activités précédemment mentionnées, le CFCMC lancera des projets de coopération internationale visant à répondre aux défis de santé publique à l'échelle mondiale, tels que les maladies infectieuses, les maladies chroniques et les troubles de santé mentale. Le Centre explorera le rôle de la médecine traditionnelle chinoise dans la gouvernance mondiale de la santé, en collaborant avec des organisations internationales et des ONG pour participer à l'élaboration de stratégies de santé publique et de mesures d'intervention.
8. **Publications scientifiques** : Sous l'égide de la *World Federation of Chinese Medicine Societies* et du *World Journal of Traditional Chinese Medicine*, le CFCMC a lancé en 2021 la Revue Mondiale de Médecine Chinoise. À travers cette revue, le CFCMC joue un rôle clé dans la promotion des échanges et de la diffusion internationale de la médecine traditionnelle chinoise, notamment dans le monde francophone. Cette revue offre une plateforme spécialisée aux lecteurs du monde entier, en particulier ceux de langue française, pour approfondir leurs connaissances en médecine chinoise, découvrir les dernières avancées de la recherche et suivre les tendances du développement du secteur. Ce périodique est

publié sous un ISSN électronique international (ISSN 2966-7038) et un ISSN imprimé (ISSN 2970-2844).

Les principales missions de la Revue Mondiale de Médecine Chinoise incluent :

1. **Promotion des échanges académiques :** Offrir une plateforme académique internationale permettant aux chercheurs, universitaires et professionnels de la médecine chinoise de publier leurs travaux et de partager leurs perspectives.
2. **Vulgarisation des connaissances en médecine chinoise :** Publier des articles de vulgarisation scientifique et des rapports de recherche pour sensibiliser le public à la médecine traditionnelle chinoise, particulièrement dans les régions non sinophones.
3. **Pont pour la coopération internationale :** En tant que revue académique internationale, cette publication agit comme un lien entre les institutions médicales et scientifiques d'Orient et d'Occident, facilitant la création et la mise en œuvre de projets de coopération.
4. **Renforcement de la diffusion numérique :** Grâce aux plateformes numériques et aux réseaux sociaux, la revue étend son lectorat et son influence, rendant ainsi la recherche et les connaissances en médecine chinoise plus accessibles et diffusées à grande échelle.
5. **Respect des normes internationales :** Assurer une publication de haute qualité respectant les standards internationaux en matière de contenu scientifique et d'éthique, renforçant ainsi la réputation académique et la reconnaissance mondiale de la revue.

Le succès de la création et de la diffusion continue de la Revue Mondiale de Médecine Chinoise témoigne des efforts et des accomplissements du CFCMC dans la promotion de la culture et des connaissances scientifiques liées à la médecine traditionnelle chinoise à l'échelle internationale. À travers cette revue, le CFCMC participe non seulement à l'internationalisation de la médecine chinoise, mais offre également à la communauté médicale mondiale une ressource précieuse pour mieux appréhender et approfondir cette discipline. Ainsi, il contribue à renforcer la reconnaissance et le respect dont jouit la médecine chinoise sur la scène internationale.

En menant à bien ses diverses missions, le CFCMC s'attache à intensifier les échanges et la coopération entre la Chine et la France dans les domaines de la santé, du bien-être, et du développement de la médecine traditionnelle chinoise, tout en œuvrant pour la santé publique mondiale et en favorisant l'échange médical et culturel à l'échelle internationale.

Centre France Chine de la Médecine Chinoise (CFCMC)

General Presentation :

The Centre France Chine de la Médecine Chinoise (CFCMC) is a non-profit organization registered with the Prefecture of Romorantin-Lanthenay, in the Centre-Val de Loire region of France. The China-France TCM Center (Selles-sur-Cher) project was officially inaugurated in November 2018 in Selles-sur-Cher, France, by the National Administration of Traditional Chinese Medicine, as part of an international cooperation program in traditional Chinese medicine. This project was subsequently integrated into the CFCMC.

The main objective of the CFCMC is to implement the “Sino-French Cooperation Agreement on Traditional Chinese Medicine” and the “Development Plan to Promote the High-Quality Integration of Chinese Medicine into the Belt and Road Initiative (2021-2025)” initiated by the National Administration of Traditional Chinese Medicine. The mission of the CFCMC is to provide a platform for medical exchanges between China and France to facilitate scientific cooperation in Chinese medicine research, disease prevention and treatment, and professional training. The Center also aims to promote Sino-French cultural exchanges and strengthen the friendship between the peoples of the two nations, while bringing the benefits of traditional Chinese medicine to the French people. The ultimate goal is to develop cooperation and progress in the fields of major disease prevention and health economics.

The CFCMC is also exploring the creation of an “Overseas Chinese Medicine Activity Zone” to enhance the social and economic benefits of traditional Chinese medicine internationally. This project is in line with the development of trade in Chinese medicine services and the promotion of its international dissemination, particularly through the development of health tourism. Since its creation, the organization has had an internal regulatory framework as a non-profit association, with the main objective of becoming an open platform for exchange and cooperation between China and France in the fields of health, well-being and sustainable development of Traditional Chinese Medicine.

The main functions of the CFCMC are as follows:

1. To promote Sino-French medical exchange: The CFCMC is committed to providing a platform for exchanges between Chinese and French medical experts by organizing academic conferences, expert meetings, workshops and other events. These initiatives aim to facilitate knowledge sharing, technical exchanges and dissemination of research results in traditional Chinese medicine.

2. To develop a platform for international scientific cooperation: The CFCMC serves as a focal point for international collaborative networks in the field of Chinese medicine. The Center facilitates the organization of transnational research projects and provides a forum for researchers to exchange results and develop interdisciplinary collaborations. The CFCMC also plays an active role in establishing sustainable research partnerships by providing logistical support and resources for collaborative research projects.

3. Education and training in traditional Chinese medicine: The Center offers training programs for international students and professionals, including online and face-to-face courses. These courses cover the theoretical foundations of traditional Chinese medicine, its diagnostic techniques and treatments, as well as the application of its remedies in modern medicine. In collaboration with universities and research institutes around the world, we are developing accredited educational programs aimed at training Chinese medicine experts with an international perspective.

4. International talent exchange: The CFCMC establishes fellowships and visiting scholar programs to support international academics and students wishing to conduct research or training at the Center. It will also encourage the participation of traditional Chinese medicine professionals in international conferences and clinical courses, in order to strengthen the understanding and integration of Chinese medicine within the international medical community.

5. Cultural Exchange and Franco-Chinese Friendship: The CFCMC promotes the culture of Traditional Chinese Medicine through cultural activities, exhibitions and conferences, thus increasing the understanding and acceptance of this practice by the French and international public.

6. Development of the “Overseas Chinese Medicine Activity Zone” and international dissemination: The Center is exploring the creation of a zone dedicated to Chinese medicine in France to encourage the export of Chinese medicine products to France. It also promotes the development of health tourism by inviting international visitors to discover the culture and services of traditional Chinese medicine. The Center also organizes international conferences on the globalization of Chinese medicine.

7. Disease Prevention and Public Health Promotion: Complementing the above activities, the CFCMC will initiate international collaborative projects to address global public health challenges such as infectious diseases, chronic diseases, and mental health disorders. The Center will explore the role of traditional Chinese medicine in global health governance and collaborate with international organizations and NGOs to participate in the development of public health strategies and interventions.

8. Scientific publications: Under the aegis of the World Federation of Chinese Medicine Societies and the World Journal of Traditional Chinese Medicine, the CFCMC launched the *Revue Mondiale de Médecine Chinoise* (French edition of the World Journal of Traditional Chinese Medicine) in 2021. Through this journal, the CFCMC plays a key role in promoting the international exchange and dissemination of traditional Chinese medicine, especially in the French-speaking world. The journal provides a specialized platform for readers from all over the world, especially French-speaking readers, to deepen their knowledge of Chinese medicine, discover the latest advances in research, and keep abreast of development trends in the field. The journal is published under an international electronic ISSN (ISSN 2966-7038) and a print ISSN (ISSN 2970-2844).

The main functions of the *Revue Mondiale de Médecine Chinoise* include

1. To promote academic exchange: To provide an international academic platform for Chinese medicine researchers, academics, and professionals to publish their work and share their perspectives.

2. To popularize the knowledge of Chinese medicine: Publish popular scientific articles and research reports to increase public awareness of traditional Chinese medicine, especially in non-Chinese-speaking regions.

3. Bridge for international cooperation: As an international academic journal, it serves as a link between medical and scientific institutions in East and West, facilitating the establishment and implementation of cooperative projects.

4. Strengthening digital dissemination: Through digital platforms and social networks, the journal expands its readership and influence, making research and knowledge in Chinese medicine more accessible and widely disseminated.

5. Adherence to international standards: Ensuring a high-quality publication that meets international standards for scientific content and ethics, strengthening the journal's academic reputation and global recognition.

The success of the creation and continued distribution of the *Revue Mondiale de Médecine Chinoise* is a testament to the efforts and achievements of the CFCMC in promoting the culture and scientific knowledge of Traditional Chinese Medicine on an international scale. Through this journal, the CFCMC not only participates in the internationalization of Chinese medicine, but also provides the world medical community with a valuable resource for better understanding and deepening this discipline. In this way, it helps to strengthen the recognition and respect that Chinese medicine enjoys on the international stage.

安全須知 & 溫馨提示

Safety Instructions and reminder

尊敬的各位專家、各位代表，為切实提高自我安全意識和自我保護能力，有效預防、妥善處置可能發生的突發安全事件，確保參會代表在境外參會期間的人身和財務安全，推動學術交流工作健康有序開展，請參會代表詳細閱讀以下注意事項：

Dear experts and representatives, in order to effectively improve the safety awareness and self-protection ability, effectively prevent and properly handle potential safety emergencies, ensure the personal and financial safety of us at the congress, and promote the healthy and orderly development of academic exchange work, please read the following precautions in detail:

1、嚴格遵守法國當地要求，遵守當地法律和相关防疫規定。

Strictly comply with local requirements in France, comply with French laws and relevant epidemic prevention regulations.

2、所有代表請避免與陌生人員接觸，拒收任何可疑物品及信件。

All representatives should avoid contact with strangers and refuse any suspicious items or letters.

3、提升自身安全意識，謹防盜搶，尽量少帶現金和貴重物品。

Enhance your own safety awareness, guard against theft and robbery, and try to bring as little cash and valuable items as possible.

4、請全程攜帶好護照，準備護照首頁復印件、簽證頁復印件及個人照片等資料的備份，以備於證件丟失後的補辦。

Please bring your passport with you throughout your journey and prepare a copy of the passport's front page, visa page, and personal photos for backup, in case of documents loss and replacement.

5、禁止在非指定區域吸煙。

Smoking is prohibited in non designated areas.

6、禁止到訪賭場，嚴禁參與任何賭博活動；不參加網絡博彩活動。

Prohibit visiting casinos and participating in any gambling activities;
Do not participate in online gambling activities.

7、禁止到訪夜總會、貧民區等地。

Prohibit visiting nightclubs, slums.

8、謹記會務組電話、當地急救及報警電話及您所屬國家駐法使領館電話。

Remember the phone number of the conference team, local emergency and alarm numbers, and the phone number of foreign embassies and consulates of the country you belonging to.

如遇突發事件，請及時迅速聯繫會務組、您所屬國家駐法使（領）館匯報事故及突發事件的基本情況在當地相關人員和單位的幫助下，及時處理突發事件。

In case of an emergency, please promptly contact the conference team and overseas embassies (consulates) of the country you belonging to report the basic situation of the accident and emergency. With the help of relevant local personnel and units, handle the emergency in a timely manner.

《論文摘要匯編》電子版及論文全文請登錄報名系統查看。

Please log in the registration system to view the electronic version of the "Proceedings of Paper Abstracts" and the available full text of the papers.

ABOUT DONG E E JIAO

Dong-E-E-Jiao Co., Ltd. (Hereinafter referred to as "Dong E E jiao"), which belongs to comprehensive health sector of China Resources Group, is a manufacturer and operator of E Jiao (阿胶) and E Jiao series products in China. It is mainly engaged in the R&D, production and sales of E jiao and E jiao series of traditional Chinese patent medicines, health food and food products. The company currently has over 3700 employees, a total asset of 13.4 billion yuan and the brand value is 43.837 billion yuan, and three well-known Chinese trademarks. The products are not only sold domestically (including Hong Kong, Macao and Taiwan), but also to Southeast Asia, Japan, South Korea, America and other countries and regions.

HISTORY OF DONG E E JIAO SINCE 1952

MAIN PRODUCTS

MAIN AWARDS

R&D CAPABILITIES

Attaching great importance to technological innovation, the company has undertaken or participated in 32 national and provincial-level scientific research projects and 60 quality standard studies, published 5 monographs, published 218 core papers, won 29 scientific and technological awards, and has 389 valid patents.

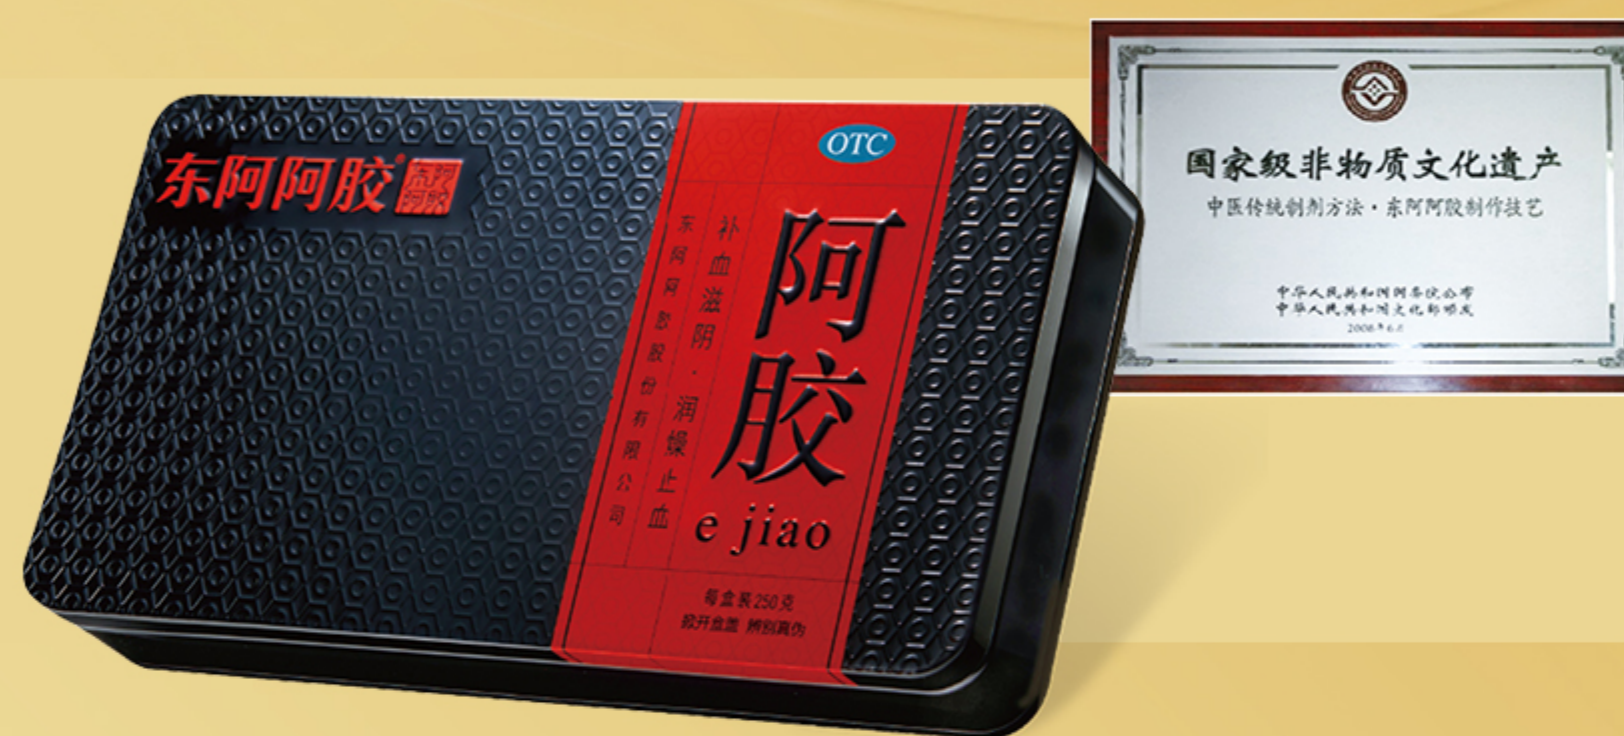

The company has the National Engineering and Research Center for Gelatinous Traditional Chinese Medicine (国家胶类中药工程技术研究中心). Based on this research center, the company actively implements the "one center, three highlands" R&D system, creating "Institute of gelatinous traditional Chinese medicine" in Jinan and Qingdao, "Institute of healthy consumer product" in the Yangtze River Delta region, and "Institute of nourishing traditional Chinese medicine" in the Pearl River Delta region.

WHAT IS E JIAO?

E Jiao is a Geo-authentic materia, originated in Dong'e County, Shandong Province. Its main function is to tonify blood, nourish yin, moisten dryness and homeostasis. The production techniques of Dong E E Jiao are complicated, going through skin washing, soaking, shaving, liquefying, foaming, condensation, gelling, gel cutting, drying, wiping and other dozens of processes. It was rated as a national intangible cultural heritage in 2008.

HISTORY OF E JIAO, MORE THAN 3000 YEARS

Yiyin(伊尹) of the Shang Dynasty first discovered the medicinal effects of gelatin in China and is known as the originator of E Jiao. E Jiao has been recorded in ancient Chinese medical works of all dynasties.

E Jiao, listed "top grade", called "Long-term use, light body and boost qi".

— The Shennong Materia Medica Classic of the Eastern Han Dynasty

E Jiao originates from Dong E, hence name E Jiao.

— Notes to the Classics of Materia Medica written by Tao Hongjing of the Northern and Southern Dynasties

In Dong E, there was a well with a diameter as large as a wheel and a depth of six or seven feet. Every year, the water from this well was used to boil E Jiao and to contribute it to the court.

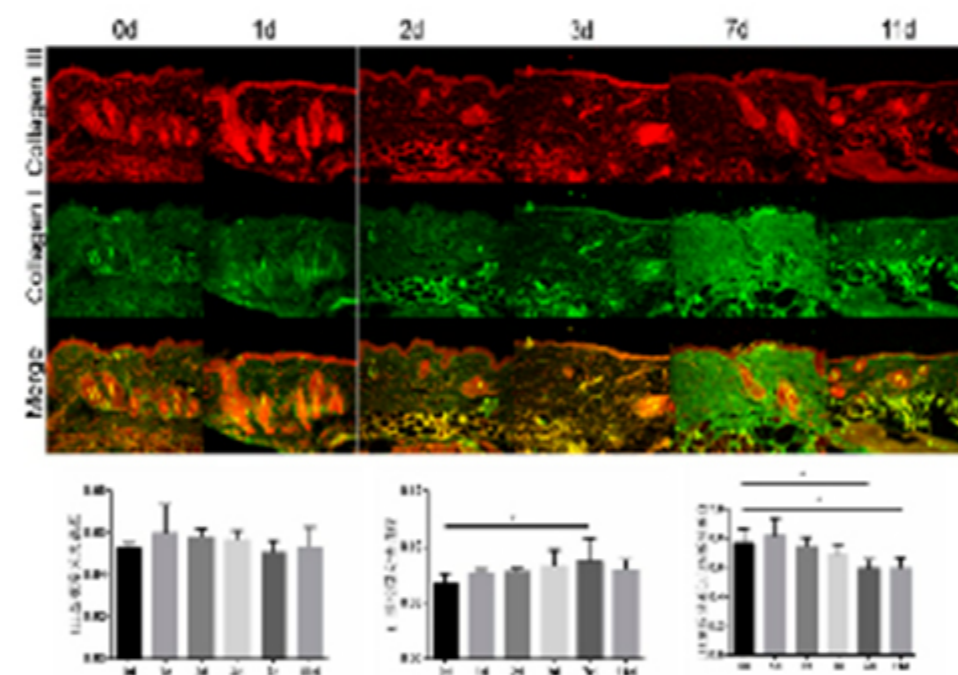

— Notes to the Water Classic written by Li Daoyuan of the Northern Wei Dynasty

ASCO
ANNUAL MEETING

CLINICAL VALUE EVALUATION STUDY
OF FU FANG E JIAO JIANG
TO TREAT CANCER RELATED FATIGUE

WON THE "SPECIAL DISTINGUISHED AWARDS" OF 2024 ASCO ANNUAL MEETING

(7138 "EXCELLENT AWARDS" AND 5 "SPECIAL DISTINGUISHED AWARDS" IN TOTAL)

FU FANG E JIAO JIANG

- ★ It is the only **Chinese patent medicine** that won the "Special Distinguished Award" of the 2024 ASCO Annual Meeting!
- ★ It is **the first Chinese patent medicine** to obtain high-quality evidence of evidence-based medical for the treatment of cancer related fatigue (CRF)!
- ★ It provides **Chinese medical option** for the global treatment of cancer related fatigue (CRF)!
- ★ It **contributes China's strength** to optimizing the overall efficacy of anti-tumor treatment!

MULTI CENTER, RANDOMIZED, DOUBLE-BLIND, PLACEBO-CONTROLLED CLINICAL STUDY OF THE TREATMENT OF FU FANG E JIAO JIANG OF CANCER RELATED FATIGUE (SYNDROME OF DEFICIENCY OF BOTH QI AND BLOOD)

Ministry of Science and Technology
of the People's Republic of China

The 2018 National Key Research and Development
Program is the "Research on the Modernization of
Traditional Chinese Medicine"

The Normal research of evidence-based evaluation of treating
major diseases and its effect mechanism after ten kinds of
Chinese patent medicine large varieties and classic famous
prescription were listed

SUBJECT INVESTIGATED

A total of 611 patients were included. **Non-small cell lung, colorectal, and gastric cancer patients.** Those who meet the diagnostic criteria for traditional Chinese medicine syndromes of qi and blood deficiency type. Individuals who meet the diagnostic criteria for cancer-related fatigue are expected to have a survival period of at least 3 months.

RESEARCH METHOD

Test group: Fu Fang E Jiao Jiang 20 mL (3 pieces-d)
Control group: paste placebo of Fu Fang E Jiao Jiang (including Fu Fang E Jiao Jiang 5%) 20mL (3 pieces-d)

TREATMENT CYCLE

21 consecutive days constitute one cycle, and 2 consecutive cycles of medication are administered. If chemotherapy is required, it should be administered on the first day of chemotherapy.

Primary outcome endpoint: Piper fatigue scale

Secondary Outcome endpoints: ESAS、FACT-E、 serological indicators such as blood routine, thyroid function, growth hormone and aldosterone et al. Safety, mechanism exploration, and health economics: Heart, liver, kidney function, etc; metabonomics, immunologic function, cytokine, cost-benefit analysis of economic evaluation.

SUBJECT INVESTIGATED

Whether in different cancer subgroups or in chemotherapy subgroup, compared with placebo, Fu Fang E Jiao Jiang can significantly improve cancer related fatigue and quality of life of tumor patients with qi and blood deficiency, which is safe, effective and has economic advantages.

Fu Fang E Jiao Jiang has a positive clinical effect on CRF of qi and blood deficiency type, covering a wide range of people, and its efficacy does not depend on whether the patient has symptoms of blood cell reduction. It is worth conducting in-depth research and promoting its application.

山西振东健康产业集团简介

Shanxi Zhendong Health Industry Group

振东集团创建于1993年10月1日，以石油贸易起步，7年做成全国民营行业第一；2002年转型制药，8年打造山西省首个创业板上市公司。

集团涵盖“中西制药、保健功能食品、健康护理用品、中药材开发”四大板块，有长治振东、大同泰盛、屯留五和堂、太原安欣、中药材开发、饮片科技、五和医养堂、健康护理8大工业企业，下辖32个子公司，拥有4大科研平台，总资产137亿元。

集团是国家创新型示范企业、国家专利试点单位、国家知识产权优势企业、国家企业技术中心、国际联合研究示范企业、农业产业化国家重点龙头企业、中国最具科技创新力中药企业、中国医药研发产品线最佳工业企业、全国文明单位。荣获“全国先进基层党组织”、“全国扶贫先进单位”、“中华慈善突出贡献单位”“全国脱贫攻坚先进集体”等多项荣誉称号。

集团推行商学院制，把企业当作一所学校来治理，下设营销、生产、科研等15个系。多年来，经过不断总结，塑造了“阳光为天、诚信为地、亲和为人、简单为路、责任为站”五大文化，全力打造学习型企业。

振东秉承“与民同富、与家同兴、与国同强”的核心价值理念，争做“山西名片、中国名牌、国际品牌”，积极承担社会责任，为社会做贡献，为国家做奉献！

Zhendong Group was founded on October 1, 1993, with a focus on oil trade, and has been ranked first in the national private industry for 7 years; In 2002, it transformed into a pharmaceutical company and built the first listed company on the Growth Enterprise Market in Shanxi Province in 8 years.

The group covers four major sectors: traditional Chinese and Western pharmaceuticals, health functional foods, health care products, and traditional Chinese medicine development. It has 8 industrial enterprises: Changzhi Zhendong, Datong Taisheng, Tunliu Wuhetang, Taiyuan Anxin, traditional Chinese medicine development, Yinpian Technology, Wuhetang Medical Nursing Hall, and health care. It has 32 subsidiaries, four research platforms, and total assets of 13.7 billion yuan.

The group is a national innovative demonstration enterprise, a national patent pilot unit, a national intellectual property advantage enterprise, a national enterprise technology center, an international joint research demonstration enterprise, a national key leading enterprise in agricultural industrialization, the most technologically innovative traditional Chinese medicine enterprise in China, the best industrial enterprise in China's pharmaceutical research and development product line, and a national civilized unit. It has won many honorary titles such as "National Advanced Grass roots Party Organization", "National exemplary organization for Poverty Alleviation", "China Charity Outstanding Contribution Unit", and "National Advanced Collective for Poverty Alleviation".

The group implements a business school system, treating the enterprise as a school for governance, and has 15 departments including marketing, production, and scientific research. Over the years, through continuous summarization, we have shaped the 5 major cultures of "sunshine for the sky, integrity for the earth, affinity for people, simplicity for the road, and responsibility for the station", striving to build a learning oriented enterprise.

Zhendong adheres to the core values of "prosperity with the people, prosperity with the family, and strength with the country", strives to be a "Shanxi business card, Chinese famous brand, and international brand", actively assumes social responsibility, contributes to society, and contributes to the country!

ANYAO GROUP

金品质 共分享

金木集团成立于1993年，坐落于中医药文化悠久的千年药都安国。三十一年来，集团始终以传承中医药文化、守正创新为己任，在传统中药生产加工的基础上，将中医药精华和大健康产业深度融合，构建中医药大健康全产业链。

Jimon Group was founded in 1993 and is located in Anguo, a thousand-year-old medicine capital with a long history of traditional Chinese medicine culture. For 31 years, the Group has always been committed to inheriting the culture of traditional Chinese medicine and maintaining innovation. On the basis of traditional Chinese medicine production and processing, it has deeply integrated the essence of traditional Chinese medicine with the big health industry, and built a whole industry chain of traditional Chinese medicine and big health centered on the cultivation, research and development, production, and sales of traditional Chinese medicine.

集团中医药板块涵盖了保定中药制药股份有限公司、御本堂控股集团、河北安国药业集团有限公司三家百年药企，拥有全国独家产品14个，药品批准文号共计297个；大健康板块涵盖保健品、食品、化妆品、医疗器械等，销售网络覆盖全球多个国家及城市。

The Group's Traditional Chinese Medicine (TCM) sector encompasses three century-old pharmaceutical enterprises: Baoding Traditional Chinese Medicine Pharmaceutical Co., Ltd., Yubentang Holding Group, and Hebei Anguo Pharmaceutical Group Co., Ltd., possessing 14 exclusive products nationwide and a total of 297 drug approval numbers. The Greater Health sector covers healthcare products, foods, cosmetics, medical devices, etc., with a sales network spanning multiple countries and cities globally.

北京同仁堂

北京同仁堂是全國中藥行業著名的老字號。創建於1669年（清朝康熙八年），自1723年開始供奉御藥，歷經八代皇帝188年。在超過350年的風雨歷程中，歷代同仁堂人始終恪守「炮製雖繁必不敢省人工，品味雖貴必不敢減物力」的古訓，樹立「修合無人見，存心有天知」的自律意識，造就了製藥過程中兢兢小心、精益求精的嚴細精神，其產品以「配方獨特、選料上乘、工藝精湛、療效顯著」而享譽海內外，並得以世代弘揚。

北京同仁堂國藥有限公司於2004年在中國香港成立，並設有現代化中成藥及養生保健品的生產研發基地，廠房通過多項本地和國際品質認證（包括GMP, HACCP 和 ISO22000:2005）。一直以來本著「同修仁德，濟世養生」的企業精神，積極拓展海外市場的業務，致力提升同仁堂品牌的國際知名度，在26個國家和地區開辦160多間各類零售終端，全力打造具有全球影響力的世界一流中醫藥大健康產業集團，推動實現“有健康需求的地方就有同仁堂”的願景。

Beijing Tong Ren Tang

Founded in 1669 (the eighth year on the throne of Emperor Kangxi, Qing Dynasty), Beijing Tong Ren Tang ("BTRT") was appointed as the sole purveyor of herbal medicines to the imperial court in a history of 188 years, spanning eight emperors' reigns from 1723. Inheriting Tong Ren Tang's corporate motto of "No compromise on cost and labour despite the complexity of processing herbal medicines. No compromise on quality and standard despite the scarcity of medicine ingredients." Over the last 350 years, the members of BTRT have been keen to offer products and services of the highest standard of quality. BTRT is cautious in every manufacturing process and detail for excellence; the hereditary products are widely known for their unique formulas, superior herbs, perfect craftsmanship, and significant efficacy. Nowadays, BTRT is nationally renowned in the traditional Chinese medicine (TCM) industry.

Beijing Tong Ren Tang Chinese Medicine Company Limited ("TRTCM") has had a core presence in Hong Kong, China since 2004, having developed a research and development production factory with international accreditations including GMP, HACCP, and ISO 22000:2005. TRTCM operates over 160 retail stores in 26 countries and regions, committing to the key values of noble morality and benevolence, and plans to accelerate TCM's internationalization. TRTCM aspires to be a globally influential, world-class TCM healthcare group that embodies the concept "Wherever there is a need for health, there is Tong Ren Tang."

慈源生

— 以茶为养，以茶载道

Loving Energy Tea

- Nurtured by tea, carrying the Dao within tea.

天地有慈，慈为众生永续生息之源，人心有慈，慈为人类共情关怀之源。

Heaven and earth possess love, and love is the eternal source of life for all beings. The human heart holds love, and love is the source of empathy and care for mankind.

慈源生以“慈”为立心之源，致力于生命长青之道，以“茶”为事业之本，倾力探索东方嘉木在人类身心健康方向的深化与衍生发展，秉承中华人文养生哲学之义理，以茶调理身心平衡，促进身体自我修复和免疫，让每个人喝懂茶、喝对茶。好的茶就是大药，喝对茶就是大养。慈源生十年跋涉，万山寻茶，千方制茶，走访百多位老茶人，独创一套行之有效的品鉴方式，秉承“悟茶道、明茶性、懂茶理、辨茶品、喝对茶，只做绿色无污染有能量的茶”的理念，让每个人都能藉此感受身心与茶能量的链接，让当下繁华的生活，沁入宁悦。

Loving Energy Tea takes "love" as the foundation of its mission, dedicating itself to the path of everlasting life. With "tea" as its core business, it strives to deeply explore and develop the role of the oriental sacred tree in enhancing the health of both body and mind. Upholding the principles of Chinese cultural wellness philosophy, it harmonizes body and mind through tea, promoting self-healing and immunity. We aim to help everyone understand tea, and drink tea in the right way. Good tea is the ultimate remedy; drinking the right tea brings profound nourishment. For ten years, Loving Energy Tea has journeyed across countless mountains in search of tea, employing hundreds of methods to craft it, and has consulted over a hundred seasoned tea masters. Through this, we have developed a unique and effective system of tea appreciation. Guided by the principles of "understanding the way of tea, discerning the nature of tea, mastering tea knowledge, identifying tea quality, and drinking the right tea," we are committed to producing only green, energy-filled, and pollution-free tea. We strive to connect everyone to the energy of tea, allowing the serenity of tea to permeate the vibrant, bustling lives of today.

周燕君，是慈源生的创立者北大汇丰商学院茶道俱乐部的发起人。出身于潮汕自幼习得品茶、煎茶。茶色就是她的生活底色。年轻时也曾不辨茶性，身体被茶伤过，每天因胃寒无法入眠后因特殊机缘用茶把身体调理好开始把精力专注于茶健康的研究近十多年来，她专注研究茶与健康，研创出独具魅力的能量茶疗体系。同时，周燕君还深入探索清代御制茶膏的精髓，通过科学比对检测，了悟老茶膏内含物质变化规律，破解了御制茶膏历经两百多年内在转化的神奇秘密，从科学角度深度揭示了这一“可饮用的活化石”的原理。

Zhou Yanjun is the founder of Loving Energy Tea and the initiator of the Tea Ceremony Club at Peking University HSBC Business School. Hailing from Chaoshan, she began her journey into the world of tea from a young age, mastering the art of tea tasting and brewing. The color of tea has always been the backdrop of her life. In her youth, she struggled to understand the properties of tea and faced physical ailments due to improper consumption, suffering from stomach cold that kept her awake at night. However, through a unique opportunity, she learned to use tea to restore her health and subsequently focused her energy on the study of tea and wellness. For over a decade, she has dedicated herself to researching the connection between tea and health, creating a uniquely appealing energy tea therapy system. Additionally, Zhou Yanjun has delved into the essence of the Qing Dynasty's Imperial Tea Extract. Through scientific comparison and testing, she has uncovered the transformation laws of the substances contained in aged tea extract, revealing the magical secrets of the internal transformations it has undergone over the past two hundred years. From a scientific perspective, she has deeply elucidated the principles behind this "drinkable fossil."

清代御制茶膏是中华茶历史上最为神秘而璀璨的明珠，前无古人，后无来者。作为皇帝敕令宫廷御茶房严制，称之“茶皇”当之无愧。这是茶文化历史

积淀了几千年，在宋代龙团凤饼的基础上，在60度临界点（保留茶有效物质不破坏）的情况下实现茶叶完全分离（借鉴宋代小榨去水，大榨出膏，常温冷却）。200斤贡茶只提取一两茶膏，186道工序，72天，海南黄花梨碳慢煨，集天地能量之精华，寻天下制茶之能人异士，御茶师御药师的协同合作，至今工艺无法被破解。历经200多年的时光嬗变，茶膏变成夸克级小分子，可瞬间通达经络，提升能量。特别是茶膏独有的古菌能调御身心达到最佳平衡。在茶疗实践中，成功调理了多例涉及睡眠、抑郁、躁动、结节、气滞血瘀、免疫力低下及“三高”等方面问题，彰显茶膏在典籍中所称赞的“普洱茶膏，药膳同源，万病之药”的独特效果。在应对目前食品安全、环境、现代生活方式等问题所导致的微量元素匮乏、菌群失调、瘀堵、身体机能早衰、亚健康、抑郁、精神能量不足等等问题，慈源生所奉的御制老茶膏将成为你的身心长青秘笈。

The Imperial Tea Extract of the Qing Dynasty is one of the most mysterious and brilliant pearls in the history of Chinese tea, unmatched by any past or future creation. Commanded by the emperor, it was strictly produced by the royal tea house, earning it the title of "The King of Tea". This represents a crystallization of tea culture that has accumulated over thousands of years. On the basis of the Dragon and Phoenix Tea Cake from the Song Dynasty, the royal tea house achieved a critical point of 60 degrees, enabling the complete separation of tea leaves from the tea juice while preserving the effective compounds of the tea. This method drew inspiration from Song Dynasty techniques, where light pressing was used to remove water and heavy pressing was employed to produce tea paste, followed by cooling at room temperature. From 100 kilogram of tribute tea, only one 50 grams of tea extract is extracted through a meticulous process involving 186 steps over 72 days, utilizing Hainan yellow rosewood charcoal for slow simmering. This process captures the essence of celestial and terrestrial energies, with the collaboration of skilled tea artisans and herbal masters. To this day, the intricacies of this craftsmanship remain unmatched and unsolved. After more than 200 years of temporal transformation, the tea extract has evolved into quark-level small molecules that can instantly reach the meridians, enhancing energy. Particularly, the unique ancient bacteria in the tea extract can regulate the mind and body to achieve the optimal balance. In the practice of tea therapy, it has successfully conditioned multiple cases involving sleep disorders, depression, restlessness, nodules, qi stagnation and blood stasis, low immunity, and the "three highs" (hypertension, hyperglycemia, and hyperlipidemia) and other issues, highlighting the unique efficacy of the tea extract as praised in ancient texts: "Pu'er tea extract, a medicine and food of the same origin, a panacea for all ailments." In response to current issues such as food safety, environmental concerns, and modern lifestyle-induced deficiencies in trace elements, dysbiosis, congestion, premature aging of bodily functions, sub-health conditions, depression, and insufficient spiritual energy, the imperial tea extract offered by Loving Energy Tea will become your secret to eternal youth and vitality.

喫茶甄人四言诗：
夸克茶皇，慈源大彰；
身心之尚，灵境无量。

Poem of Tea Appreciation:
The King of Tea with quark-grade craftsmanship
bestows boundless love:
A harmony of body and mind, an infinite realm of spirit.

普惠旭晟药业科技

PUHUIXUSHENG PHARMACEUTICAL TECHNOLOGY

南京普惠旭晟药业科技有限公司作为抗菌医用敷料的研发和生产企业，其品牌“愈邦”，以自研的NOS纳米银技术，作为世界首创，最早应用于临床大面积抗感染治疗，对各种创伤及创面感染具有显著疗效，具备长效、广谱、亲水等特点，具有安全性、有效性及高性价比的优势。“愈邦”产品通过了中国国家药监局第三类医疗器械生产注册认证，入选中国科技部“火炬计划”及卫健委“十年百项”适宜技术项目。未来，公司将拓展全球影响力，致力于成为全球医疗健康领域最值得信赖的企业。

Nanjing Puhui Xusheng Pharmaceutical Technology Co., Ltd., a leader in antimicrobial medical dressings, is renowned for its pioneering NOS nanosilver technology, enhancing clinical anti-infection treatments with its durable, broad-spectrum, and hydrophilic attributes.

The company's "Ubond" brand is well-recognized and influential in the medical field, holding Class III medical device certification from China's National Medical Products Administration. It has also been featured in key national projects like the Ministry of Science and Technology's "Torch Program" and the National Health Commission's "Hundred Projects over Ten Years."

Committed to social responsibilities, the company has supported various domestic crises and frontline medical workers for over 27 years.

Looking ahead, Puhui Xusheng aims to expand its global presence, striving to enhance global healthcare trust and deliver significant health improvements worldwide.

A Brief Introduction to "Tongqinghao" puer Tea

同慶號簡介

In the first year of Qing Emperor Qianlong (1736), TONGQING HAO tea house started to make tea in YIWU, Xishuangbanna. The tea house was the earliest fine-grained practice of promoting the selection of six teas and six abandonment of Pu'Er tea. Because of its superior quality, it became famous in the Pu'Er tea industry. It was labeled as Royal GONGCHA in the Qing Dynasty, and it was the largest production and sales tea house of Pu'Er tea in Pu'Er Prefecture (Now Pu'Er, Xishuangbanna area, Yunnan, China).

TONGQING HAO entered the company operation in 2005 together with establishment of Xishuangbanna TONGQING HAO Tea Co., Ltd. At the beginning of the company's establishment, it was positioned as a brand-oriented enterprise. Focusing on the experience of consumer production, we have always adhered to the principle of honesty and credit. In the past 19 years, the company has built a business model from a collection of raw material planting, primary processing, finishing, product research and development, to product sales and export trade. The company + base + farmer's industrial chain operation mode. At present, TONGQING HAO has 2,800 mu of tea planting bases and 12 ancient tea gardens, a 1,000-ton-long refined tea factory. The product category is divided into the traditional six major printing grades, the eight meanings of the gift series, and the zodiac commemorative tea totals 20 series and 350 varieties. The products are sold all over the country and overseas, and currently have more than 100 sales terminals.

With the excellent quality of TONGQING HAO, it is deeply loved by consumers. Since 2008, it has been sent from president of the country, Hu Jintao and the Premier of Premier Wen Jiabao for hundreds of custom-made national teas as the customized gifts counted about 15 times, which were presented to politicians and celebrities of more than 40 countries such as Britain and Russia, etc. TONGQING HAO were presented to His Excellency Mr. and Mrs. Gordon Brown, Prime Minister of the United Kingdom, His Excellency Dmitry Anatolyevic Medvedev, President of Russia, Her Majesty Queen Elizabeth II of the United Kingdom as national gift as well.

TONGQING HAO carries the honor and responsibility of "Yesterday's Royal gifted Tea, Today's National Gifts" which inherits and carries forward the brand spirit of "TONGQING HAO" Pu'Er Tea i.e. "Excellent quality tea is the highest respect".

清乾隆元年（1736年），同庆号茶庄在西双版纳易武设坊制茶。该茶庄是最早推行普洱茶六选六弃之精细作法，因其品质超群，而在普洱茶界声名大振。在清朝被列为皇家贡茶，是当时普洱府（今普洱，西双版纳地区）普洱茶生产销售最大的茶庄。

西双版纳同庆号普洱茶业股份有限公司在2005年进入公司化运作。即定义为品牌型企业，坚持以关注消费者产品体验度为核心，始终坚持以诚实信用为原则。19年来建成集原料种植，初加工，精加工，产品研发，产品销售，出口贸易为一体，公司+基地+农户的产业链运作模式。

目前公司拥有茶叶种植基地2800亩，古茶园12个，在建年产1000吨的同庆号精制茶厂。产品品类分为传统的六大印级，礼品系列的八大意，生肖纪念茶共计20个系列350余种。产品销售遍及全国及海外，目前拥有100多个销售终端。同庆号产品品质卓越，深受消费者喜爱，2008年至今先后15次为时任国家领导人胡锦涛主席，温家宝总理等定制国礼普洱茶，分别赠送给了40余国的政要名人，涵盖英国，俄罗斯等。同时为英国首相戈登·布朗夫妇，俄罗斯总统德米特里·阿纳托利耶维奇·梅德韦杰夫阁下，以及英国女王伊丽莎白二世陛下赠礼同庆号承载着“昔日贡茶，今日国礼”的荣誉和责任，公司继承并发扬“同庆号”普洱茶的品牌精神——茶佳礼敬。

MING TAI YI DIGITAL TRADITIONAL CHINESE MEDICINE CLINIC

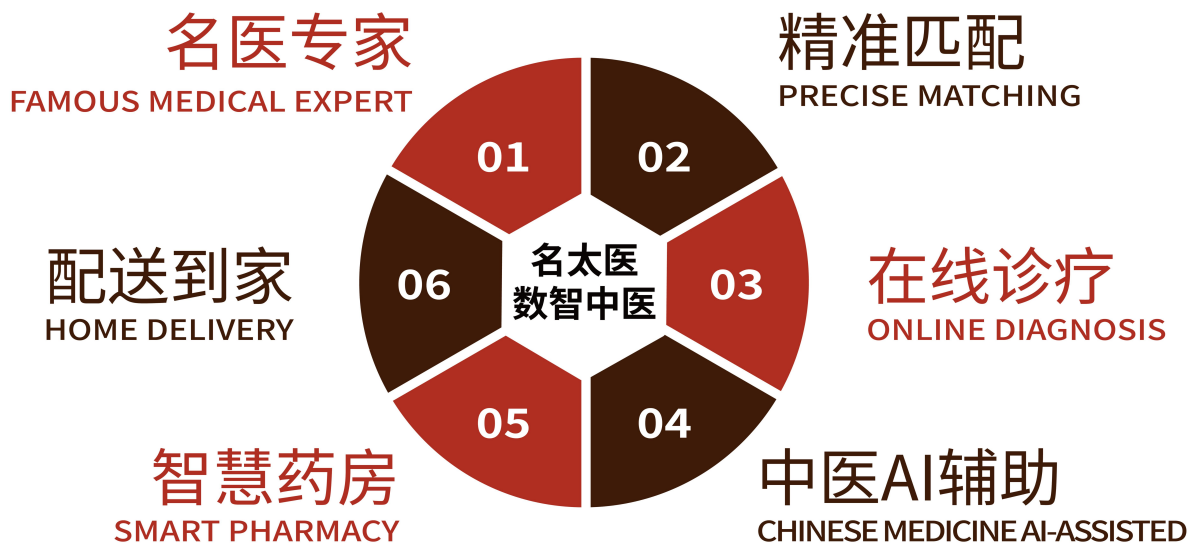

“名太医”品牌隶属于名医在线公司管理。名太医数智中医馆，致力于打造五位一体的新中医、智慧中医，依托“全国名医专家、精准获客、中央药方、线上线下一体化诊疗、智能诊室”五大优势深度赋能传统中医馆，为百姓带来便捷高效的新中医服务体验。

名太医数智中医馆能够让百姓在家门口就能尊享“全国名医专家、线下首诊、线上复诊、疑难会诊、道地药材、极速配送到家”等优质服务。

The “Ming Tai Yi” brand is managed by Chongqing Mingyi Online Information Technology Co., Ltd. Ming Tai Yi Digital Traditional Chinese Medicine Clinic is committed to creating a new and intelligent traditional Chinese medicine that integrates five elements: “national renowned medical experts, precise customer acquisition, central prescription, online and offline integrated diagnosis and treatment, and intelligent clinics.” Leveraging these five major advantages, Ming Tai Yi deeply empowers traditional Chinese medicine clinics, bringing convenient and efficient new Chinese medicine service experiences to the public.

Ming Tai Yi Digital Traditional Chinese Medicine Clinic enables the public to enjoy high-quality services such as “national renowned medical experts, offline first consultation, online follow-up consultation, difficult case consultation, authentic medicinal materials, and rapid delivery to home” right at home.

世界中医药学会联合会

The World Federation of Chinese Medicine Societies

世界中医药会员服务平台

World Traditional Chinese Medicine Member Service Platform

“世界中医药会员服务平台”是以世界中医药学会联合会积累了二十年行业资源为基础，整合会员服务、会议管理、培训教育、科技项目管理、标准研发等六大管理系统于一体，通过底层数据共享、服务升级叠加，为世界范围内的中医药团体和从业者搭建的首个大型综合业务运营服务平台。

会员通过注册可以参与到世界中联的分支机构、会议组织、科技专项、标准研发等管理工作中来，并可体验会议信息、学术交流、教育培训、数字中医、个人中心、积分商城等会员专享服务。

The “World Traditional Chinese Medicine Member Service Platform” is the first large-scale comprehensive business operation service platform for Traditional Chinese Medicine (TCM) groups and practitioners worldwide. It is built on the industry resources accumulated by the World Federation of Chinese Medicine Societies over the past twenty years. The platform integrates six major management systems: member services, conference management, training and education, science and technology project management, and standard development. Through shared underlying data and upgraded services, it offers members the opportunity to participate in the management of the World Federation’s branches, conference organizations, science and technology projects, and standard development.

Members can also enjoy exclusive services such as conference information, academic exchanges, education and training, digital TCM, personal centers, and a points mall.
